BILL HEADINGS

And the Express Get a Great Big Breast in the "Lode."

W. E. Headings, a thorough newspaper man, generally connected with the Caliente Express, one of the best papers in Lincoln county, traveling in the interest of that paper, paid us a call Monday. Mr. Headings is a gentleman of wide experience in the newspaper and insurance business, and was in De Lamar in the interest of both.—De Lamar Lode.

BOYS TO THE FRONT.

Engineers Who Will Pull the Fast Train on This Road.

George H. Brown, Jack Leavitt and Rich Shingleton have left for Salt Lake to take the fast train out of that place. There are no truer men at the throttle of any engine. There may be some as good, but there are none better.

The boys will make the schedule, and not only the time, but they are cautious, careful and the kind of men needed to run a locomotive on a fast train. These are but a sample of the other engineers on the Senator Clark railroad.

The Nevada Transfer company will do your heavy and light hauling. Leave orders at Boggs' Ice Cream and Confectionery parlor, or at the Gem Furniture store on Main street. tf

The best butter made is to be had at Johnson & Ward's. Quality their motto.

Sam Arrasmith and W. J. Lee located a claim about 1,500 feet north of Antelope Canyon today and say that the ledge, which is a porphyry, is over 20 feet wide and shows good values in gold and silver. They put Hans Olson into the new location and believe that they have the bonanza mine of Culverwell district.

WANTED—Miners and muckers at the Potosi mine. Good wages, good board, good lodging. Apply Mahoney Brothers.

CALIENTE ITEMS.

From The Caliente Express:

Ben Miller of Searchlight was in the city Sunday.

Operator Gunn, formerly of Caliente, has been promoted to Moapa as agent.

Benj. Saunders, our able district attorney, was intown looking after the business of the county.

W. D. Shemwell and W. Lawrence of Chief mining district were in attendance at the masque ball.

Mr. and Mrs. Charles Hemstreet and the little folks made a trip to Salt Lake and Ogden on Tuesday.

Miss Lydia Ladd of Reno, Nev., has been the guest of Miss Alice Culverwell and mother the past week.

Misses Bessie and Caroline Semwell departed for Salt Lake on Sunday, where they go to spend the holidays with their sister.

Engineer Ikis, former engineer on the fourth district, from Black Rock to Caliente, is now on the Newhouse and Frisco swing.

Mr. F. P. Thompson and Hon. H. E. Freudenthal of Pioche, departed for Salt Lake on Wednesday to spend the holidays with relatives.

The hydrants along the line of track have been removed and the citizens must be content now with wells for their future supply.

Some of our people are complaining at hogs being permitted to run at large. They are not so many, but they could be controlled.

Miss Amy Osborne of Pioche departed for the City of the Saints, where she went to visit her sisters and to take part in the Christmas music at St. Mark's church.

Foreman Brown of the steel gang has about completed distributing steel between Caliente and Modina. It will not be long before they will have the big rails to run on.

Our local merchant, George Fetterman, who is also interested in a branch institution in the Kawish country, was exhibiting some very rich ore from that district this week.

While oiling the track some hot coals fell on the track which caused the oil to be ignited, setting four box cars on fire, which were entirely destroyed, at Carp, south of Caliente, this week.

Dr. Murray has added an operating table and other surgical devices to his already fully equipped branch of Senator Clark's railroad medical service at this place. He has ordered an X-ray machine and will have it installed about the latter part of January.

Dr. Murray called on Superintendent Van Hansen's private secretary, who was accidentally injured by a shot while practicing. He is still at the Holy Cross hospital, Salt Lake, slowly recovering. He will be able to report for duty after the holidays. He wishes to be remembered to his Caliente friends.

One of the engineers on fast train will run to Milford, remain one hour there, then he runs straight through to Las Vegas. Three hours lay-over at the Vegas, thence to Caliente, where he takes a thirty-four-hour lay-over. Six of the high-wheel engines will handle the passenger traffic over the third and fourth districts.

John Roeder of De Lamar was one of our welcome callers this week. Mr. Roeder has held many positions of trust in this county and has been a resident for over 40 years. His hair, as grey as it is, has become such loyally in the defense of righteousness and fair play. He is of that typical cast of manhood that goes to make up a magnificent commonwealth.

Mamie Culverwell, daughter of Charlie Culverwell, Sr., of this place, arrived here from Los Angeles Saturday. Mamie got off the train at the Vegas to visit friends unbeknown to her parents, and on the arrival of the train and no Mamie it caused an excitement among both friends and relatives. Telegrams were exchanged all along the line and when it was learned the young lady was safe at the Vegas it caused much joy in the Culverwell household.

W. E. Headings, the solicitor for the Express and the Las Vegas Times, succeeded in adding seventy-five subscribers to the Express list while on a business tour to that mining camp, one of the best in the county, De Lamar. Mr. Headings has made a business trip to the far-famed and notorious mining district of Pioche, and he will do business along the same lines as he has done in the sister camp of De Lamar. Bill is a rustler from Rustlersville, and he proposes that this paper will be fully recognized and be read. He is determined that it will be a power for good in Lincoln county. We are satisfied the people of that promising mining region will tender him a hearty greeting, and make his stay pleasant while he is among them.
