

Using A Jewish-Owned Independent Funeral Home

Kraft-Sussman Funeral Services is the only independent Jewish funeral home in Southern Nevada. We are recommended by rabbis of all denominations and are dedicated to providing families with the most personalized, dignified Jewish funerals and advance planning at the best rate in Southern Nevada.

As the only Jewish owned and operated funeral home, we uniquely provide:

- A continuity of care given by members of the Jewish community.
- 24 hour a day access to the “Jewish Mothers”, not a salesperson or site manager, when making your arrangements, ensuring you get the service you deserve.
- Information on all 7 local Jewish cemetery options.
- Staff who are knowledgeable and respectful of Jewish laws and tradition, understanding your particular needs.
- A return to the community; your money goes to this community, not to stockholders.

Service That Exceeds Your Expectations

Our operative word is SERVICE. As the only Jewish owned and operated, independent funeral home in Southern Nevada, we go out of our way to provide you with a continuity of care unmatched in our community. We know preparing for and experiencing death can be a very stressful and difficult experience. As Jewish mothers who are deeply involved in our community, we are committed to providing you with the best possible guidance and service, through this most challenging time.

In A Venue That Is Unexpected

Our venue is unexpected and so are the benefits and services we offer. We understand that traditional funeral homes are intimidating for many people and know that most people choose a small chapel, synagogue or a graveside service as part of their funeral arrangements. We have a comfortable, professional venue for arrangements, care of the deceased and small chapel services. For your convenience, we offer you the choice of an arrangement meeting at our office, your home, or other place convenient for you, at no additional cost.

At A Fair Cost

In addition to receiving extraordinary care, you will find our prices are lower than the large, publicly-traded funeral homes in town. We've worked hard to minimize our overhead costs in order to offer you the best quality service at the best possible price.

Providing You With Information & Options

Whether you are in need of immediate arrangements or are planning in advance, we take time to listen to your needs and fully explain your options. There is never any pressure to select a more expensive or elaborate arrangement than desired. We work with all seven of the cemeteries in Southern Nevada which have a Jewish section, as well as the local Veteran's cemetery. In addition, as members of KAVOD, Select Independent Funeral Homes, as well the JFDA, Jewish Funeral Directors of America, we can assure you the best possible care by our colleagues nationwide.

Transferring A Pre-Paid Funeral

Many people do not fully understand that prepaid funeral plans may be transferred either before or after a death occurs. Kraft-Sussman Funeral Services accepts transfers of all local and nationwide prepaid funeral contracts, often without any additional cost to you.

Advance Planning

It is a heartbreaking reality that nearly 70 percent of all funeral arrangements are made by grieving widows or children. When funeral arrangements are made in advance, your family is spared the uncertainty and confusion associated with making decisions under great emotional stress.

Many people find it helpful to plan ahead in a calm and sensible manner; when you are in a comfortable mental and physical state, have the ability to reason, and are able to discuss arrangements with your family. Call us for a free, no obligation appointment to explore your specific needs. There is no greater gift than alleviating this extra stress on your loved ones at the time of death.
