

Freedom from *Dreying Your Yiiddisher Kop*

THE TOP 10 REASONS TO PREPLAN YOUR FUNERAL

- 1. Eliminate *Mishegas*** – It is easier to plan when you are not grieving. When planning in advance, you have the time to consider all options and make well-informed choices.
- 2. No *Oy Vey* Factor** – You can be assured that your funeral will be taken care of as you desire.
- 3. Do A *Mitzvah*** – Minimize uncertainty, confusion and unnecessary expense.
- 4. “*Schlep*” ability** – Your prepaid contract is fully transferable if you move or simply want to choose a different funeral home.
- 5. Won’t Add To *Bupkes*** – Your prepaid funeral plan is considered an exempt asset when applying for Medicaid, SSI and Veterans benefits and other vital support benefits.
- 6. Pay Up Front Or A *Bissel* At A Time** – Pay off your plan with one or multiple payments. If death occurs prior to complete payment, your funeral may be paid in full, depending on your plan.
- 7. No *Plotzing* If You Have Poor Health** – Regardless of your health, we have a plan which will work for you.
- 8. Protection From *Schlock*** – Prefunded funeral plans are regulated by the Nevada Department of Insurance, which protects you today and in the future.
- 9. No *Kvetching*** – If you change your mind, you have 30 days to cancel your policy and receive a full refund.
- 10. Protect Your *Mishpucha*** – Your arrangements are paid at today’s cost. When the price increases in the future, your family will not be burdened by any additional costs. Actually, you may be able to leave more to your family!
