## Finals Finished—Now Students Face Registration

"Now is the time for all good men to—" make a last gallant attempt at remembering all those long forgotten facts (which were never REALLY learned) that will be covered on his final exams. It is the time at which the student shows his teachers what he has learned during the course of the semester. It also shows what he hasn't been able to remember from the previous nights cramming session.

As final week begins, our typically exhausted student, his memory spinning with almost-remembered bits of information, comes groping into the examination room (inevitably, the

WRONG room), sits down and falls asleep. At the bell that signals "time to begin," he awakens and tries desperately to recognize the unfamiliar words on the test sheet. At this point, he rationalizes with himself saying something like "Well, we didn't cover this during the class" (he was doing the next period's homework so he naturally didn't hear the discussion during which the test material was covered). Finally, after 2 hours and 15 minutes of exhausting his supply of knowledge (which was actually exhausted in 45 minutes) our hero forges onward, preparing for another test.

Finally, exams are over and the student spends a week trying to recover. Then — REGISTRATION BEGINS!!

Registration is always a battle of wits between the registering student and his list of instructions. After dashing from room to room, building to building, advisor to teacher, the frazzled student finally gets to the actual registration only to find that half of his chosen classes are already filled up. Discouraged, the student tells his problems to his advisor who has just spent 30 minutes typing out the student's last registration card of classes. After tearing up 30 minutes of work, the advisor and the student eventually agree that the student should enter different courses instead of the ones he can't get in anyway. Happily, the student goes off to register with his new set of classes while the advisor is still trying to type out a FINAL schedule of classes for the student.

And so goes another eventful registration.

## Spring Play Try Outs Soon

Tryouts for the spring play will be held on Monday February 5 at 1:00-3:00 p.m. and at 7:30-9:00 p.m., and on Tuesday February 6 at 3:00-4:00 p.m. and at 7:30-9:00 p.m. in the Little Theatre (Grant Hall 125).

Instead of one play, Dr. Lawrence Aurbach, who will be directing the spring production, has chosen to do three one-acts: "The Beaux Stratagem," a high comedy by George Farquhar, "The Wandering Scholar From Paradise," an Elizabethan comedy, by Hans Sachs, and "The Twelve Pound Look," a realistic comedy by J. M. Barne.

The general theme is on love as seen thru 16th century 17th century and 20th century eyes.

A cast of eleven will be needed, which consists of seven men and five women. If enough people try out it will not be necessary to overlap the casts.

These plays will not be as involved and as time consuming as an entire play would. This fact should make it possible for more people to try out.

Anyone interested in doing technical work on this production should see Dr. Aurbach or any of the drama department staff teachers.

## Toby & Dom Honored By Newman Club

Toby Rott and Dominick Daleda have been chosen as Newmanites of the month by the Nevada Southern Newman Club at a recent meeting.

Dom, a 20 year old junior at NSU, was born in Knigston, Pennsylvania. When he moved to the Las Vegas area he attended Bishop Gorman High School where he graduated in 1958 with honors. He then attended Nevada Southern until he was given an opportunity to work for the Department of the Navy in Washington D. C.

Among Dom's hobbies are music, skin diving, and swimming. At present he is a member of the Sigma Gamma fraternity, vice president of Newman Club, and 2nd vice-chairman of the Arizona Province of Newman Clubs. In addition to these activities, Dom is an upper class senator.

Toby Rott, born in Youngstown, Ohio, also attended Gorman High School. While there she was a cheerleader, and home room representative. She was also very active in French Club, Pep Club, and the school newspaper, "The Lance." At present she is a freshman at NSU and a member of the Newman Club. Toby also participated in the production of "The Adding Machine."

## Rebel Yell Under New Leadership

The Rebel Yell will be under new leadership in the spring semester when Sheri McDonald will replace Marshall Stout as Editor-in-Chief. Marshall, a senior, will be completing his required semester at the Reno Campus.

Sheri has been very active in student publications, both in high school and college. She served as Managing Editor of the Rebel Yell, and is also an active member of the Epilogue Staff.

Sheri is a 1960 graduate of Downey High School in Downey, California. She attended Cerritos Junior College in Norwalk, Calif. and later transferred to NSU.

Miss McDonald was highly recommended by her co-workers and is expected to initiate new ideas in future publications.

Also leaving the Rebel Staff is Janet Hadland, who will also be attending school at Reno. Janet, an attractive freshman loaned her talents to nearly every department of the Rebel Yell staff.

Mary Kruse, another hard-working Rebel Yell reporter, will be leaving school to work as a doctor's receptionist. Miss Kruse will continue her education, however, with a few night classes.

## Thats the Way it Goes

By the EDITOR

Good things come in small packages." This is a trite saying but it sums up the impression that Nevada Southern, our small but mighty school, left on our big brothers in Reno.

Someone remarked that NUS out-cheered, and out-shone the Reno fans at the games, while the percentage was about ten Reno boosters to one Nevada Southern booster. Even the newspaper in

Reno published a photo of our cheerleaders with the caption "Rebels lose . . . cheerleaders win!"

If our little school had enough spirit to merit comments such as these then we deserve a pat on the back. The cheerleaders are to be commended for their outstanding job as spirit boosters . . . but, moreover the entire Student Body is to be commended for a job well done as representatives of Nevada Southern!"

\*\*\*

We have heard an unnecessary amount of NSU "students" flunked out this semester. Why? Why waste time, your parents' money (or even your own) and all your efforts on nothing? Why even bother to go to school if you aren't going to make the most of it? For that matter, why bother to do anything if you can't do it reasonably well? Of course there are a million and one reasons why a person flunks out of college . . . but, most of the time it is just plain laziness.

When one goes to college, it is supposed to build the character, as well as stimulate the intellect, and both should merge into a well-rounded personality. When a person flunks out . . . his character flunks out also.

**"If you can't be a highway, then just be a trail,**

**If you can't be the sun, be a star;**

**Because it isn't by size that we win or we lose,**

**So be the best . . . whatever you are!"**

\*\*\*

When the Board of Regents voted to double the out of state tuition rates for the University of Nevada, they made it the highest priced University in the country.

A few days later the University at Reno was notified by two educators in California; Dr. R. C. Swank, library director at Stanford, and Dr. Andrew H. Horn, UCLA associate library school dean, that their library at Reno was sufficiently constructed but inadequate in their collection of books.

Nevada is a small state when you consider it's population, and it must get it's revenue for

schools somewhere, but reports such as the one about the library certainly are not helping to entice out of staters into becoming students at the University of Nevada.

## Apathy and Glory In Atlas Shrugged

*Atlas Shrugged* by Ayn Rand, is one of the most powerful novels a person could read. Miss Rand states in the preface "Don't deny that people like this exist, that fact that I have written this book proves that they do."

Nevertheless, the people described in this book are so "strong-minded, and strong-willed" that it is almost impossible to believe that people like this exist.

Hank Reardon, Dagny Taggart, and John Galt all have the same basic philosophy of life, which is, "If I earn something, or build something, no one has the right to take it away from me."

Each one of these characters has built something, Dagny owns a trans - continental railroad, Hank owns a fantastic steel and copper corporation which he built up from a coal mine, and John Galt . . . well John Galt owns himself.

The story of how these people fight to keep what is rightfully theirs in a world that no longer recognizes individual ownership, is a fascinating and amazing story.

Ayn Rand is admittedly an atheist ("Reason is my only absolute,") and here characters are the same. The book at times shows a communistic attitude, if only to prove how the rest of the world has fallen into a communistic way of life. *Atlas Shrugged* gives a clear insight into how easily a country can become corrupt and how apathetic all but a few "strong-willed" people can become in a situation such as this.

If you like reading about unique ideas and most of all unique people, then *Atlas Shrugged* will suit you.

## Treat NSU Equally With Reno — Demands Student

Hooray for Regent Ray Germain! Nevada Southern has at least one ally on the University Board of Regents!

In a recent meeting of the Board of Regents, Germain voted against the budget proposed for the next fiscal year because only \$10,000 was appropriated as a salary for an assistant to Dean Carlson. Germain stated that he felt NSU was not getting the consideration it should since a top man could not be had for the post for that salary. "I think Nevada Southern deserves a quality person," he added.

Well, thank you Mr. Germain, so do we! However, we seem to be in the minority on that question.

This move seems to us to be one more example of the subtle determination of the people up north to push Nevada Southern into the background. We may be mistaken, but really, is \$10,000 an ample salary for an assistant dean? Can the position be filled by a qualified person for this amount?

Germain also stated at the meeting that both Reno and NSU are "quality institutions and deserving of equal treatment and consideration." Is Mr. Germain the only regent who holds this opinion? Don't the other members of the Board feel that NSU and Reno deserve equal consideration? Evidently not, or they would have taken action on their belief.

Indeed, is Mr. Germain the only person anywhere who feels who feels that NSU and Reno should be given equal consideration? He is the only person whom we have heard voice this opinion. No one seems to want to take a stand.

Well, should Reno be given more consideration than NSU? If so, why? Because it is older? Are people opposed to the growth of Nevada Southern? If it should not be given more consideration, why has not anything been said about several obvious moves placing Reno before NSU in consideration?

Mr. Germain stated that he is "firm and determined that we (the regents) shall accord the Nevada Southern campus the same consideration which should be given to the Reno campus." We're with you 100% Mr. Germain! And if we are not given fair and equal consideration with the Reno campus, we are prepared to fight for it!

Our campus is still new and under-developed. We are experiencing growing pains and our unfair treatment only aggravates the condition. Our campus

Letters To The Editor

must be treated equally with the Reno campus if we are going to develop into a full-fledged university.

All we want is an even break with Reno. Is that too much to ask? We are not asking for more than our share of consideration — just our share.

—Janet Hadland

## Pandora's Box

by Bill Walker  
and Tom Beatty

"Man alone in the universe is not finished." This one line, more than any other, expresses the feelings of the majority of persons who feel uncomfortable in the presence of the idea that man is not so significant in the overall scheme of things. This one line has, in fact, more significance than most persons care to consider. It is this idea of man's uniqueness and significance which is responsible for man's long and continuing search for religion and a God with whom mankind can feel comfortable. This same idea of man's importance was and still is responsible for the conflict over evolution.

These last two ideas are worthy of further consideration. Theologians have said that it was man's feeling of inadequacy which drove him to seek the Christian God. This is not completely true. It is far more likely that man, wishing to assure himself of his own importance, chose a god and religion which promised a higher end than death and oblivion.

Surely the conflict over evolution illustrates this. Men have fought back at this concept with every weapon. They have fought from altars and legislatures. They have fought because they cannot accept the idea that man is merely the highest form of life this plane has yet produced.

This, then, is the idea which I wish to introduce in this essay: man is plagued by an awareness of his own awesome importance. In a word, man is egotistical and self-centered. He has chosen his religion and his way of life to further his concepts of himself. He has developed a technology that enables him to possess great power as proof of his importance.

And that is the irony. Perhaps that great power will ultimately prove how insignificant man is.

## NEV. 81-69 OVER NSU TO BAG PAIR

RENO — University of Nevada made a clean basketball sweep of its two games with NSU by winning 81-69 on January 24, after taking the opener on Monday, January 23, 71-51. The series officially ushered in athletic competition between the two state schools.

Craig Hall who put in 24 points the first night, tagged 26 on Tuesday while Bill Robinson made 20 for the winners. Nevada had the same number of field goals, 28, as the Rebels, but took 74 shots and hauled down 55 rebounds. NSU fired 44 percent in 64 tries, Nevada hit 38 percent.

Arlyn Hafen, who netted 22 for the visiting Rebs, hit a jump shot with 1:12 left in the first half to give Southern it's only lead at 25-24 before the Wolf Pack, now 6-10, spurred to a 30-25 intermission lead. NSU is now 10-7.

Hafen rimmed eight long ones including six in the last 20 minutes but when Tim Leonard (15) and Don Helm (14) fouled out, the Rebels couldn't catch up.

## NSU SPIRIT FABULOUS

By VONNE STOUT

At various time on Sunday, Jan. 21, many cars, and busses, containing students representing Nevada Southern University departed from Las Vegas for the University of Nevada at Reno. Their purpose being, to participate in the big games between these two schools, either by playing ball, cheerleading, or yelling. Naturally everyone was filled with anxiety. The trip up brought many happenings. Our team members were stopped in Beatty, due to bad weather conditions, but soon were on their way again. When the busses reached Beatty, it was snowing hard and many snowball fights began. After everyone had eaten and was thoroughly "soaked" from snow (or other means), the busses were on their way again.

While almost all on the Sigma Gamma "frat" bus, were either playing cards or getting "high" (not altitude-wise), some on the C.S.N.S. bus tried creating a new craze comparable to the one of "Telephone booth stuffing," by stuffing seven males into the portable restroom at the rear of the bus.

As the trip proceeded very few slept, and if anyone was found sleeping he was soon awakened. The sun rose to applause.

When they reached Reno, the students were scattered at friends' apartments, relatives homes, dorms and motels.

Monday was a little quiet as many were resting to get in

## Rebels Third In "Classic"

The NSU Rebels played the perfect host in their first tournament — The Holiday Classic — which was held December 28 and 29 at the newly dedicated gymnasium. Orange State College of California, the winner of three tournaments before participating in the Holiday Classic, was the unanimous favorite to win the tournament — which they did by downing Cal Western 47 to 37 the first night and Cal Poly the second night by a score of 80 to 73.

The Rebels lost to Cal Poly 85 to 80 on opening night in a thrilling exhibition of basketball. Even though the Rebels suffered a loss at the hands of Cal Poly they proved that they are not a team to be taken lightly.

Leonard, Helm, Farr, and Hafen tallied 21, 13, 14, and 24 points respectively and Shay put his best foot forward in a brilliant defensive effort.

Leonard and Helm with lots of assistance from Bill Farr showed the Rebels strength on the backboards by bringing down a total of 54 rebounds.

The Rebels toppled Cal Western 57-49 to take third place in the Classic. High point man was Don Helm with 19, while his team mates Farr and Hafen canned 13, and 12.

According to Coach Drakulich "All of the visiting squads enjoyed the tournament and hope to return next year when the Rebels hold their second annual Holiday Classic." Coach Drakulich also hopes that the Classic will eventually become an eight-team tournament.

## Avenge Road Losses!

Leonard and company avenged the losses handed to them last month by San Diego U and Grand Canyon College, by defeating their foes 77 to 49. "Big Tim" Leonard canned 25 points to lead the scoring column, followed by Farr and Hafen with 12 and 14 respectively.

Throughout the game Leonard was on the floor so much it was hard to tell whether he was giving the other team a break by playing on his knees or was wrestling for the ball. However, Tim must not have been after the ball, for when he fell atop SDU Jerry Jolsey a near riot broke out, but it was quickly suppressed.

The most exciting game of the year was played Saturday night against the Grand Canyon Antelopes, who defeated the Reb's 75 to 68 in Phoenix Arizona last month.

The Rebels held a slim lead at halftime but saw it dwindle shortly after the 2nd half began.

The battle was close all the way to the wire with Grand Canyon leading by one point with 35 seconds left in the ball game. And again "Big Tim" saved the day as he sank a hook shot to give the Rebels an 8-2 home court record.

## Reporters Wanted!

There will be a meeting for all those interested in working on the Rebel Yell staff, next Tuesday, February 6 at 7:00 p.m. in the Student Government room (Grant Hall). Any interested party who cannot be at the meeting, contact any staff member, or see Sheri McDonald.

# Campus Capers

By VONNE STOUT

Lots of people are leaving — we'll be sorry to see our wonderful editor of the REBEL YELL, Marshall Stout, leave us this semester to journey to the northern campus with plans of graduating. Thank you very much, Marshall — you've done a terrific job and your work is much appreciated.

Janet Hadland, another of our staff members, along with Sue Haines, is also leaving for Reno. Another to Reno is Bob Oliver who also plans on graduating in January, 1962. University of Arizona at Tempe is calling Judi Watts. Judy made a very lovely princess for the University Day activities and we're sorry to see this nice gal go. These are a few of our N.S.U. students leaving. Good luck to all of you!

OUR OWN "BIG TIM" LEONARD is doing the twist! That's right. At a recent holiday party Tim Leonard learned to do the "dance" and he's really a great "twister." Big Tim even did the Can-Can. I wonder when he'll twist down the basketball court. By the way, congratulations are in store for Tim for being chosen one of the best five players in our recent basketball tournament.

ROMEO! — Watch out girls for "Doc" Crosby — Friday, Dec. 16, he didn't miss a single girl in Pierre's with the mistletoe!

TABLES TURNED. Instead of Dalene Sinderson and Sheri McDonald making some delicacies for Jerry Keorwitz, Jerry came to the gals' aid, when they were having trouble shaping cookies, and made three dozen of the prettiest Christmas cookies ever. Gee gals, he'd be nice to have around!

WEDDING BELLS WILL RING — for Linda Vaughn and Myron Kimball, both students here at N.S.U. Myron was attending N.S.U. last year also and Linda is a recent grad. of Rancho High. Best of luck Myron and Linda. Lewis Lytle, student of N.S.U. from Henderson recently became engaged to Sara Sue Johns also from Henderson. Congrats!

### Kenna.

Tuesday night was a continuation of parties and Wednesday morning sleepy-eyed students again boarded the buses and cars for the long journey back to Las Vegas.

The first few hours were quiet and restful. But soon the antics commenced again on the busses. Along with singing, joking and a huge card game on the "frat" bus, four girls were "delicately placed" on the baggage rack o-

man Johnson and Ray Pollard did great jobs when each took the part of Beauregard. The cheering section did a wonderful job of putting on an excellent showing for Nevada Southern's

first appearance at Reno. After the game Monday, many NSUites were seen at a party which was hosted by some NSU oldtimers, John Clements, Francis Stay, Gary Holler and Craig

the C.S.N.S. bus and had a difficult time getting down — to say the least.

After a laborious trek of approximately 450 to 500 miles, the cars, and buses reached their destination, Las Vegas, and a group of tired, delapidated, yet

happy students emerged. They all agreed that even though the Rebels received defeat, to the "Reno Wolferees", they showed wonderful sportsmanship and true spirit that will long be remembered in the history of Nevada Southern University.
