March 14, 1962

## NSU Observes Land Grant Fete

March 11-17 has been proclaimed as "University of Nevada Week" by Governor Grant Sawyer in accordance with the nation-wide observance of the centennial of the land grant colleges.

Nevada Southern, as part of the land grant college system, will participate in the activities as will the main campus in Reno.

Dr. Herbert Derfelt, director of off-campus and audio-visual programs at Nevada Southern, reports that the "University of Nevada Week" functions at the Las Vegas campus will include: a television program consisting of a panel of faculty members who will discuss land grant colleges and, in particular, Nevada Southern; the appearance of faculty members as speakers at civic clubs; a televised film of President Kennedy's address to the Land Grant College Convocation; displays on campus; and publicity in local newspapers.

It is interesting to note that the land grant colleges (there are 68) number less than 4% of

(Continued from Page 2)

## 'Leprachaun Ball' On March 16th

"Leprachaun's Ball" is the theme for the St. Patrick's Day dance to be held Friday, March 16 in the Gold Room of the Convention Center.

The dance, sponsored by Sigma Gamma, will be from 8:30 until 12:00. Tickets are \$1.50 a couple; they may be purchased from any Sigma Gamma member. Tickets will also be sold at the door. Music will be "live."

The announcing of NSU's "most preferred male" will highlight the evening. Candidates will be nominated by AWS and the female members of the student body will be able to cast their votes at the dance.

The "frat" is supplying catered refreshments, and as an extra added attraction, they plan to have a drawing for a door prize.

## Snakes Chased St. Pat?? 'Twasn't the Way I Heard It!

By KATHRYN MORRIS

Editor's note: The Rebel Yell recently received the monthly report of March from its Irish correspondent, Mr. Anony O'Mous. We have printed, in part, Mr. O'Mous' March report below.

"Sure, and once again 'tis March — the month of our patron saint, Saint Patrick. Of course, there'll be the usual 'celebratin' and the wearin' of the green here in the Emerald Isle; and there'll be the telling of the legends of Saint Patrick to both young and old alike."

"Well, this year I decided to do some research of my own into the legends of Saint Pat, and I must say that I've come up with some amazing facts that perhaps I shouldn't reveal since they may lead some people to

the conclusion that we Irish are (perish the thought) tellers of little white (rather, green) lies. But you may find them interesting, anyway."

"The first thing that I discovered was that St. Pat didn't chase the snakes out of Ireland — 'Twas the snakes that chased him. Y'see, St. Pat was frightened to death of snakes, and every time that he saw one, he'd scream with a scream that'd shame a banshee."

"Now one day all of the snakes in Ireland decided to put a stop to St. Pat's screaming because it bothered them so much; they all got together and slithered all over Ireland looking for him. At last the snakes found St. Pat, and do y'know what happened? We, St. Pat let out a loud scream and started runnin' away from

(Continued from Page 2)

## Assembly Scheduled For NSU Students

If you were allowed a special assembly period during which all classes would be canceled, would you attend the assembly, or just take the extra hour to goof-off?

This is a major question now being debated by the Executive Council.

As a trial assembly, they are tentively planning on having speakers from the National Space and Aeronautic Agency come to Nevada Southern on Thursday, April 9, at 9:00 a.m.

These speakers are a special team of experts who will be giving presentations to college and high school groups about the space age frontier. They have devised an educational program about what they, as science engineers, are doing.

The number of people who turn out for this proposed assembly, will determine the decision the executive and faculty committees will reach in regards to future assemblies.

## New Sigma Upsilon Accepts Pledges

On Sunday, February 25, 1962, at the home of Nancy Eaman, Nu Sigma Upsilon held its pledge party. Interested students were informed of the purposes and plans of the sorority and invited to ask any questions.

The following evening, active members met to vote on these ten girls. Those chosen as pledges for the Spring Semester, 1962, are: Karen Henriksen, Elaine Sackas, Mary Kruse, Susan Gaskins, Kay Cleland, Kay Monson, Dee Reade, Suzanne Horenstein, Linda Knowles, and Ada Tessler.

The pledges underwent an informal initiation during the week of March 5. They were dressed up, carried signs on their backs, did not speak to boys, wore no make-up, and greeted each active member with an identical speech. They were then honored at a party at the home of Rowena Mitchell on Saturday, March 10.

## SPRING PLAY 'SHAPING-UP'

By ANNE SCRITCHFIELD

The other night as I wandered by the Little Theater on my way to the library, I happened to hear something which sounded like a cackle coming from the stage, so I glanced in to see what was happening and decided to stay.

It seems that the cackles were part of the rehearsal for the one act play "The Wandering Scholar from Paradise." It was written by Hans Sachs and is a 16th century German farce.

With the fine acting abilities of Mary Lou Savage, Bill Walker and Steve La Vere and the excellent direction of Dr. Auerback I could see that the play will definitely be ready for production on April 29, 30, 31 and May 1, 2, 3.

Unfortunately I could not see **Beaux Stragem** and **The Twelve Pound Look** which are also being presented, in rehearsal, but I know that they will be just as good.

All are one act plays dealing with love because as Dr. Auerback says, "In the Spring a young man's fancy turns toward thoughts of . . ."

## Nu Sigma Upsilon Holds Installation

On Sunday evening, March 4, 1962, the sorority sisters of Nu Sigma Upsilon were formally installed in an impressive candle-light ceremony held in Grant 112. Fourteen girls repeated their pledges before friends and relatives.

Joan Seaman, Sorority Social Chairman, introduced the advisor, Dr. Helen Cole, who installed the President. Those members who participated were: Rowena Mitchell, President; Judie Walker, Vice President; Maroline Davis, Recording Secretary; Susie Brown, Corresponding Secretary; Dalene Sinderson, Histor-

(Continued on Page 3)

# That's the Way it Goes

The Public Relations Committee, a subsidiary committee of the Senate, is really "going all out" to show Clark County the great potential Nevada Southern has of becoming the cultural center of Las Vegas.

The main purpose of this committee is to awaken the residents of Southern Nevada to the fact that we do have a University out here, and we are growing — but we need the support of Clark County, as Dr. Charles Armstrong said recently in an article in the Review Journal.

The committee, headed by Ron Stephenson has compiled a statistical chart which shows the cost of sending a student from Clark County to various nearby colleges and universities, including the Reno campus. As compared with sending them to Nevada Southern.

Nevada, especially Las Vegas is growing rapidly. With the resumption of nuclear testing in Nevada, will come some of the world's foremost scientists, and engineers. Isn't it therefore proper that Las Vegas and NSU have the proper facilities to accommodate these people?

To explain what is meant by

"facilities" I shall describe a hypothetical situation:

An engineer in Boston is offered a job in Las Vegas with one of the many scientific corporations in Nevada. He asks, "What has Las Vegas to offer me? Sure they have the glamorous strip shows, but where are their museums . . . their art galleries . . . their concert halls . . . their universities?" He may further ask what the university can offer him in the way of "extra and up to date science courses."

Nevada Southern and Las Vegas can only accommodate these people (who will in turn bring the "almighty dollar" to Las Vegas) if the citizens are wise enough to foresee this prospective "boom" and if they are willing enough to do something about it.

The Public Relations committee plans to visit the various clubs, organizations and schools in Clark County, and point out these facts, and ask for financial and political support for Nevada Southern—Nevada Southern can only grow as fast as the citizens of Clark County will let it.

# Newman News

By MARY LOU SAVAGE

The Newman Club has been on the NSU campus for over two years and just as our own campus is experiencing growing pains so is the Newman Club. However we are working very hard to make the Newman Club an effective organization.

Newman Club membership is open to all Catholic students enrolled at NSU. Students who are not Catholic are always welcome to participate in Club activities. The purpose of the Newman Club is; "To deepen the spiritual and enrich the temporal lives of its members through a balanced program of religious, intellectual and social activities." We believe faith should not only be a Sunday practice but it should be working for us all the time.

It is not too late to join the Newman Club. We have many activities planned for the rest of the semester. Anyone interested in membership should contact Toby Rott or Sheri McDaniels.

March third was the Mardi Gras sponsored by the Newman Club. It was held in room 112 and although the turn out was small everyone present has a wonderful time. The height of the evening was reached when a few Newmanites went to John C. Fremont for their Polio Cocktails.

The following day was Newman Sunday. Mass was held at St. Anne's after which breakfast was served at Gorman High. The breakfast was prepared by Toby Rott, Jo Ann Favero and Sheri McDonald. (Dishes were done by Henry Sylvestri, Bob Kremnick, George Bubnis and Don Duzynski.)

The work was supervised and avoided by Len Yelnick and our dear chaplain Father McFadden. Our guest speaker was Mr. John Foley. He gave a very inspiring speech on Catholicism in his life.

We are looking forward to the Marriage Discussions. These discussions were very interesting last year and it is hoped that they will be helpful to everyone this year. The dates for the Marriage Discussions can be found on the Newman Calendar or watch the bulletin board.

Do not forget: The next Newman meeting is Sunday, March 18 at 7:30 p.m., room 11 at Gorman High. It is important that everyone attend the meeting so that we can plan for our Parent's Dinner and also discuss plans for our trip to Tucson Arizona March 30, 31.

# Snakes Chased

(Continued from Page 1)

those snakes just as fast as he could."

"It so happened that Patrick was headin' straight for the sea and he was running so fast he ran right off a cliff and fell into the sea; the snakes were right behind him and they went right into the sea, too. But St. Pat swam away and reached the shores of Ireland again. The snakes all drowned — every last one o'them . . . and that's how St. Pat rid Ireland of snakes."

"Another interesting thing I discovered was that St. Pat didn't just choose the shamrock to represent the Trinity . . . the shamrocks were made to serve St. Patrick's purpose. It seems that the Irish people were very lucky people, because there grew everywhere in Ireland four-leaf clovers. Now the Irish people decided that they no longer need the leprechauns, because they now had four-leaf clovers."

"Of course, the leprechauns didn't like this at all, so they went to see St. Pat and they asked his help. St. Pat listened to their pleas, and finally decided that since the people considered themselves to be so lucky, they'd lose their fear of God, and that wouldn't be good."

"So he and the leprechauns, after much deliberation, came to a solution for both of their problems—the leprechauns were to go out into the fields and take one leaf off each clover, so that there would only be a three-leaf shamrock left. In this way, the Irish people would no longer have their four-leaf clovers for luck, and they'd be forced to renew trust in the leprechauns; also, without their luck, they'd regain their fear of God, and St. Pat could use the shamrock as a symbol of the Trinity in order to remind them of it."

And it is at this point, dear readers, that we of the Rebel Yell decided to cut the March report, because we thought that enough blarney had been expounded by Mr. O'Mous. But in the spirit of things, we wish to extend to all of our readers our wishes for a happy St. Patrick's Day!

# NSU Observes

(Continued from Page 1)

the nation's colleges and yet they enroll approximately 20% of the nation's undergraduate students; in addition, they grant nearly 40% of all doctoral degrees—in every field of study.

The land grant college system was established in 1862 by a law known as the Morrill Act, which provided for grants of land to the states to encourage the establishment of colleges of agriculture and mechanical arts.

## ★ CLUB NEWS ★

**BIOLOGY CLUB** — This group held a barbecue Friday evening, March 2, 1962, at the home of their advisor, Dr. Deacon. The Regular meeting was on March 7 at 2 p.m. Their plans for the future are rather indefinite at this time.

**PSYCHOLOGY CLUB** — The Psychology Club is continuing with its program of regular meetings and lectures by prominent workers in the field of psychology.

**NU SIGMA Upsilon** — On February 24, this sorority sponsored a dance in the foyer of the gym, where special recognition was given to the NSU basketball team. Nancy Eaman's home was the location of the pledge party held Sunday afternoon, February 25. March 4 was the date of the formal installation of officers and charter members. During the week of March

5, the ten accepted pledges underwent an informal initiation. A party in their honor was held Saturday evening at the home of Rowena Mitchell.

**SIGMA THETA CHI** — This organization is currently selling raffle tickets for a radio. They are reasonably priced and everyone is urged to buy one. The winner will be announced at a dance on March 31, 1962. A regular meeting was held on March 5.

**SIGMA GAMMA** — The fraternity is currently busily engaged in making arrangements for the Leprechaun Ball to be held on Saturday, March 17. Type of dress, place, etc., are as yet not determined. Watch for posters! At this dance, the Most Preferred Man on-campus will be crowned; he is chosen by vote of the AWS.

**THREE B'S** — This organization is busy readying themselves for the March 16 basketball game with the "Bachelors," local high school social club, to be held in the LVHS gymnasium. They have recently accepted a few new members and are currently considering others.

**A.W.S.** — At the next A.W.S. meeting nominations will be accepted for the "Most Preferred Man" on the N.S.U. campus. Later in the week, elections will be held for the women students only, and the results will be announced at the St. Patrick's Day Dance sponsored by Sigma Gamma.

(Neil Lorimier Photo)

### MISS PARKS, MRS. MCKAY

#### "ARE REGISTRATION ANGELS"

Registration (that dreaded day) is over.

One comment overheard about the day was "After running us thru' this we shouldn't have to take any entrance exams, — for if you are capable of making it thru' registration, you are capable of doing college work!"

Very few people realize the tremendous amount of administrative work that went into the registering of all the students at NSU.

For instance, Miss Muriel Parks, Deputy Registrar at the Southern Regional Division of the University of Nevada, got out of a sick bed to come and prepare for the "big day." She, and her office staff worked until the wee hours of the morning, every day for a week before Registration.

Miss Parks attended Western States Teachers College in Evenstown Illinois, where she majored in English. After graduation, she taught at Evenstown Township High, while working for her Masters Degree in Education.

When the United States entered World War II she joined the Red Cross and spent most of the War in New Guinea helping with the rehabilitation of soldiers.

In 1955 she moved to Las Vegas and took her present position. She remembers the first years of our University when classes were held at Las Vegas High School, and her office was the hat check room which she shared with Dr. Dickenson and Mrs. McKay.

Miss Parks loves animals and has a Spanish speaking parrot named Carlos, two sheepdogs,

a tank of tropical fish, and a parakeet.

The other half of this Registration team is dimpled Mrs. Jewel McKay, who official title is Deputy Director of Admissions.

Mrs. McKay also joined the staff when the offices were located in the hat-check room of the Las Vegas High School auditorium, and the staff totalled 13 persons. Mrs. McKay admitted a total of 348 students this semester.

Mrs. McKay came to NSU from the position of registrar for Little Rock Junior College where she worked from 1945. During her stay there she helped in developing the program to the currently accredited four year degree granting university.

Mrs. McKay completed her Bachelor of Arts Degree with Oklahoma State University. She has been listed in Who's Who in American Education.

Mrs. McKay is a member of the bowling team made up of Nevada Southern employees, which is known as "Skool Katz", but she won't tell her average!

She is also a member of the American Association of University Women, and the American Association of Collegiate Registrars and Admissions officers.

# Campus Capers

By DALENE SINDERSON

Who would you like to orbit the earth with? Here is what some of your fellow students said when asked: "If you were stranded in a space capsule, who would you like to orbit the earth with?"

MAROLINE DAVIS: John Glenn.

NANCY FREDERICKS: John, the astronaut.

LINDA MARCHENSON: Aga Kahn.

TIM LEONARD: Karen Hendrickson.

DONNA DUCHARME: Happy Jose.

BETTY LOU MATHES: By "George" I really don't know.

CLARK POWERS: The girl who wrote this article.

DON HELM: My "Everlovin".

COACH ADAMS: Angie Dickenson.

DICK EBELTOFF: A blonde.

MIKE FENNEL: The B's and four kegs of beer and "Frenchy".

CLIFF FIELDS: A beautiful girl with a charming personality.

MARSHALL DUETCH: Doug and two kegs of beer.

JIM ROBERTS: A case of VO and a redhead.

JERRY DIXON: John Glenn's wife.

ELAINE SACKAS: My umbrella.

JUDY PLANT: Jerry Goyenche.

MIKE MANION: Mrs. Kennedy.

WOODY WOODWARD: A mouse.

KAREN HENRICKSON: Big Tim and Little Chris.

SALLY (at Pierres): John Glenn.

LOUISE (at Pierres): My husband.

VIRGINIA BACKUS: Eddie.

MARY LOU SAVAGE: Jimmy.

DENNIS DALY: Dr. Moe to see if English is easier to learn in outer space than it is inner space.

RAY DEMMAN: My Poly. Sci. book.

MIKE KEMP: The B's so we would have a party out of this world.

JUDI HAVAS: Kalil Gibran.

NEIL LARIMIER: A television set.

GEORGE SPAZERRI: Myself.

GEORGE CANINO: A woman. JIM HANLY: Rowena Mitchell.

TRENT PULLIAM: Ro and the kittens.

ROWENA MITCHELL: Trent and the kittens.

NORMAN JOHNSON: "Little Red Riding Hood" at the Dunes.

JUDIE WALKER: Jack Williams.

SUZIE BROWN: Ken Moore.

ANYONE FOR BEER? The 3 B's held a beer bust February 25. For entertainment Sheri McDonald, Judie Walker & Karen Hendrickson performed as a chorus line . . . Everyone was inspired by the revival held on the mountain by preacher Dennis Daly . . . A bread and butter letter was sent to the B's by Ramona Davis thanking them for a good time but expressing her disappointment at the lack of proper facilities . . .

SORRY BOYS: Gary Doctor is quite upset with Nu Sigma Upsilon. It seems Kay Cleland, who is his girlfriend, is a pledge to the sorority and is forbidden to talk to boys for a week. That cake was sure good, said Big Tim Leonard after the cheerleaders presented it to him at the final basketball game for playing such a good season. The team really must have liked it. They were playing catch with it in the Gym. Say now, if you do that, how can you have your cake and eat it too?

Tickets anyone? Theta Sigma Chi girls have been trying to sell tickets for a transistor radio. You boys should get on the ball. What nicer way could you spend your money?

A twist contest: Julie Walker, Hank Nutly, Binnie Syde & Ray Pollard twisted to the winners spotlight at the dance sponsored by Nu Sigma Upsilon after the final game . . . the team was honored with records which symbolized each player.

Girls: Now is the time to be thinking of the "Most Preferred Man" on campus. He will be chosen the Night of the Leprechaun Ball. Pick your favorite man and submit his name at the next A.W.S. meeting.

More fun: Many exciting ac-

## Campus Capers

(Continued from Page 3)

activities are arousing interest on Campus. The most talked about Sigma Gamma, 3 B's basketball game to be held some time this month. The boys are really going all out, having their own cheerleaders and pep club. This is something I'm sure most of you won't want to miss. The competition will really be great.

**Boys:** The Cotillion is next month. It's time to start thinking about asking a date. There are a lot of good looking girls on campus and you won't want to be left out. The school is going all out for this dance to make it the biggest and most elaborate affair of the year. This is for

you so take advantage of it. This month we have found our perfect "dream boy". He is a combination of everything perfect. This is what our dream boy would look like if he were put together.

**Physique:** Don Helm.  
**Eyes:** George Bubins.  
**Hair:** Jerry Dixon.  
**Smile:** Ray Demmon.  
**Personality:** Tim Leonard.  
**Nose:** Timmy Thompson.  
**Ears:** Trent Pulliam.  
**Dancing ability:** Ray Pollard & Hank Uilty.  
**Hands:** Henry Silvestri.  
**Sense of Humor:** Richard Pe-rozzi.

## Rebs Beat Claremont Win Final Game

By GEORGE BUBNIS

Rebel fans watched the close of the school's most successful basketball season last Feb. 24 when the team rolled to a 66-56 victory over Claremont College. With this second victory over Claremont in the season N.S.U. finished with a 16-8 record, the best in the history of the school.

The highlight of the game was "Big" Tim Leonard's breaking of the 429 points for one season record made by Bernie Fumagalli last year. By scoring 18 points in this final game Tim set the new scoring record at 436 points.

Tim's 18 points were backed up by 17 from Don Helm and 12 by David Shay as N.S.U. led from start to finish.

In the first four minutes of play the Rebels led 8-0. They kept this lead and boosted it up to 12 points at the half.

Halftime entertainment was supplied by Betty Lou Mathes and seven year old Nancy Liston who performed with their batons to a Scottish Theme.

The Rebels kept their lead through the second and third quarters with Tim Leonard and Don Helm doing the majority of the scoring in those periods. Because of the lead kept throughout the game the entire team was able to take an active part in this final victory.

After the game the team was presented with a cake from the cheerleaders and a dance was held in their honor for the fine work they did during the season.

## Final NSU Basketball Statistics

The Nevada Southern "Rebels" wound up their most successful season in the four year history of the school. Their record for this year stands at 16 wins and 8 losses, which was three better than the two previous teams could muster. All teams were coached by Michael Drakulich.

Throughout the year the Rebels were led in combat by Tim (elbows, Floor Burns) Leonard and Arlyn Hafen. Hafen, who sat out the last five games of the season, ended with a total of 315 points and wound up second to Leonard with a 16.6 average.

Lenord set four Nevada Southern school basketball records and tied another this season.

- Tim was credited for:
- (1) Playing in more games in a career—67 (1959-62).
  - (2) Scoring more points in a single season—436.
  - (3) Sinking more field goals in a single season—1777.
  - (4) Scoring more points in one game—34, (against Claremont College, Feb. 16, 1962).

Leonard sank 15 field goals in the Claremont game to tie another mark. All but the career record were held by Bernie Fumagalli and that was held by Jerry Hamel who appeared in 64 contests (1958-61).

Tim also placed second in all time scoring with 946 points, some 194 away from Fumagalli's record.

Coach Drakulich has proved his coaching ability. In the past four years the Rebels have won 48 games and lost 41.
