

1966 ELECTION FEVER HITS

EDITORIAL

With the releasing of election petitions by C.S.N.S. yesterday, the 1966 "Election Season" officially opened on campus for Senate positions and Executive Committee offices.

Petitions are due in next Friday, April 22, at 4 P.M. at the C.S.N.S. executive offices. Official campaigning will begin Monday, April 25, and continue through Wednesday, May 4.

Actual voting will take place Thursday and Friday, May 5 and 6. The results will be announced at the 11th Annual Cotillion to be held May 6 at the Elk's Lodge.

The C.S.N.S. Senate, in its March 31 meeting, unanimously approved a revised set of election rules which will be in effect immediately.

Due to complications which resulted from the original election rules the Senate deemed it necessary to draw up revised rules which would govern student elections.

In order for a candidate to actively campaign on campus, or to be eligible for any campus campaign services, he must file a petition. Draft (write-in) candidates will not be permitted to actively campaign on campus, nor will they be eligible for any campaign services.

Campaigning will begin on Monday, April 25, and will continue through May 4. While polling is taking place on May 5 and 6 there will be no campaigning within 100 feet of the polls.

There are several places from which posters and banners have

been banned: 1) on the inside of or on the exterior of the library, 2) inside the Campus Center in Frazier Hall, 3) on any glass or metal surfaces, such as windows, doors, or stairway hand rails.

Voters will be expected to be able to produce valid identification of their membership in C.S.N.S., and each name will be checked off with the Registrar's I.B.M. listing of names and University I.D. numbers.

This year's campaign and forthcoming election will introduce many new issues. The problems of progress and the new dorm will pose future developments in the administration of student activities. An active program involving students who live on campus will be one of the issues. In

the past, resident students have just gone home after class. Next year, students will be living on the campus and certain future plans will have to be incorporated into the campaign issues of this election.

Student officials will play an even more increased role in state politics. The past performances of Tom Hribar on the Governor's Education Committee and student leaders who met with Mr. Barrett, Director of the State Budget, will be future guidelines for any student administrator. Issues involving state politics will increase the prestige and importance of N.S.U.'s future student leaders.

The future student leaders who emphasize the increase in dynamic

programs such as subsidies to student activities will play an important part in the future of our campus. The issues that will be presented will not only effect our campus, but will influence the entire community of Las Vegas.

The possibility of debates among students campaigning for offices grows. Many students have stated that candidates should be prepared to submit their views and issues on a formal basis and remove the possibility of personalities. These factors of respect and character will be the mark of mature individuals. Students should insist on precise and accurate details. The choice is up to the students, the issues await the candidates who seek them.

SAWYER ACTS

N.S.U. AWAITS LEGISLATIVE MEET

Nevada Southern University administration officials and student leaders were handed a long-hoped-for present last week when Governor Grant Sawyer announced that his bid to call a special session of the Nevada State Legislature on May 9 for increased educational funding for the University and public schools had been declared "legal" by Attorney General Dickerson.

The University has been pressuring for the session on the grounds that a serious "back-log of needed projects" and lag in current funding is hurting the entire institution's quality among others.

Sawyer's financial (Budget Director) aide Howard Barrett, and Special Assistant Bob Faiss were in Las Vegas recently on a "fact-finding" mission to the N.S.U. campus. They met with Chancellor Moyer and student leaders to discuss the needs, and map out a plan for the session.

The University is asking nearly \$1,000,000 of the legislature in the session, the majority of which will go toward faculty salary increases and new positions on both campuses,

an area where the lag has acted like an ant in the pants of every University official with his mind set on "proper expansion." \$200,000 is being asked by C.S.N.S. to make possible a \$2,000,000 federal loan for the mushrooming N.S.U. Student Union project.

University officials and student leaders are currently preparing for a tough fight but they have vowed an on-the-spot lobby for meeting the University's requests, especially N.S.U.'s.

DISCUSSION OF PAPACY LAST LECTURE

In what now appears to be a most interesting end to one of the most provocative faculty-sponsored lecture series at Nevada Southern University, Mr. David McGurn, Religion Editor of the New York Herald Tribune, former correspondent to the Vatican, and Papal journalist will present a lecture entitled "Pius XII and John XXIII, A Study of Two Popes" next Tuesday evening.

The lecture will be held in the Social Science Lecture Hall, SS 103, at 8 p.m. All N.S.U. student activity holders will be admitted free.

The lecture is expected to carry special significance due to the recent public discussion of the play entitled *The Deputy* which is a critical study of Pope Pius XII and his role during the Nazi Jewish pogroms and murders in the 1940's.

ORIENTAL RHYTHM prevailed in this winning number by the Gloria Palmer Trio featured in the 2nd Edition of the C.S.N.S. Talent Show last week. The student production was witnessed by an over-flow crowd of 400 in the SS103. Twenty-two acts performed.

R-Y PHOTO

400 WITNESS 1966 TALENT SHOW

An over-flow crowd of 400 at C.S.N.S. Student Talent Show staged tended the 2nd Edition of the last Wednesday evening at 8 p.m. in the Social Science lecture Hall.

Twenty-two acts appeared in the extravaganza which was complete with plenty of "campus humor," both quaint and off-color. Competition in the show was divided into four divisions: Individual, Sorority, Fraternity, and Group. Winners were awarded trophies for their acts.

The winners in the various categories were: Individual—Frank Len-

dini (PIANIST), Sorority—Phi Delta Chi (SKIT FROM "West Side Story"), Fraternity—A.T.O. (Bill Huggins and a flamenco medley), Groups — Gloria Palmer Trio (ORIENTAL DANCE).

The winners were presented their trophies at the dance in the gymnasium foyer following the show. Music at the affair was provided by Cliff Fields and his Raves.

Hank Saleebey, Producer of the show, commented the entire production staff for a fine performance. Those who worked on the presentation included: Randy Frew,

IN CONCERT

RAY CHARLES APPEARS APRIL 22

In the second of two spring concerts to be presented by the Confederated Students of Nevada Southern University, the inimitable RAY CHARLES will appear in concert at N.S.U. next Friday evening at 8 p.m. in the gymnasium. Tickets for the concert go on sale in the university library Monday. Prices for the exclusive engagement have been set at \$3.00 for N.S.U. students and \$5.00 others.

Charles comes to Nevada Southern University hailed as a legend in his own time, having been acclaimed the greatest Rhythmic and Blues singer in American musical history. Many of the great hits of the last ten years owe their success to the stylings of the "Charles Tradition." Among them are such smash songs as "Georgia on My Mind," and "What'd I Say."

Backed-up by the fine accompaniment of the Raelets and the Ray Charles Orchestra with its great tenor sax man, David Newman, Charles has long been established as a favorite of the "college concert circuit." Currently on a western campus "swing," he comes to N.S.U. after a highly successful San Francisco appearance at Stanford University.

C.S.N.S. officials have emphasized that all seats for the performance have been designated "reserved" due to the highly limited capacity of the University gymnasium facility.

Earlier this semester, C.S.N.S. presented a concert by the latest of the highly successful "New Christy Minstrel Groups," the New Society Singers. The group was a last-minute replacement for the We Five who were to appear.

There have been many attempts to justify the alleged greatness of Ray Charles with words. Often, there have been indictments of his style and talent. However, when

NEA PRESENTS NEVADA SOUTHERN WITH NATIONAL CHARTER AWARD

Dr. Charles Fleming, Assistant Executive Secretary of the Nevada Education Association, presented the national charter of the Nevada Southern University Student National Education Association to President George Mills at the regular meeting of the organization on April 6, 1966. Twenty-five members of the NSUSNEA received congratulations from Mr. Willard Beitz, President of the Nevada Association of Secondary Principals; Mr. Galen Goode, President of the Nevada Association of Elementary Principals; Dr. Herbert Derfelt, Chairman of the Division of Education and Physical Education and Dr. Francis Rose, Chairman of the Division of Secondary Education at N.S.U.

The election of officers for next year will take place at the May 5 meeting at 1:00 p.m. in Room 129 Grant Hall. All matriculated students interested in the teaching profession are encouraged to join this professional organization. \$1.00 dues are payable at the SNEA office, Room 118 Grant Hall; Dr. Leef's office or to Jo Allen, Secretary.

RADIO LAB ADDITIONS TO OPEN

The four building complex of the nearly completed Radiation Laboratory will open on May 1st. Don Page, of Tiberti Construction, announced in an interview the new buildings will be ready for occupancy in early May.

Mr. Page said the new complex will house one of the most extensive public health services in the Southwest. The buildings will contain an administration center, a biology department, a radiation laboratory and an engineering section.

The most unusual of all of the facilities is a radiation-free room where corpses can be laid and the amount of radiation is then detected. Page said, "This new facility is of great importance to this area, as in the past, the data which could not be obtained here, is now available."

At present, the Atomic Energy Commission is partially occupying some of the facilities. The main area of the AEC's concern, according to Page, is the new atomic pile which will supplement the old sub-critical neutron accelerator.

The new complex on our campus will go under the name of Health, Education and Welfare, Public Health Service, Southwestern Radiological and Health Laboratory. The complex will be directed by Dr. Lepak of Science Tech.

The remaining work to be done on the new complex says Page is the touch-up and landscaping.

LETTERS

To the Editor:

Since no one else will do it, I would like to apologize to the student body, and particularly to the Students for Political Action, for the conduct of some of the member of the Veterans of Foreign Wars that were present at the seminar on Vietnam that was held on March 26.

Although I am not a member of that organization, I am a veteran and a member of the Army Reserve, and I suppose that makes me their brother in spirit. I stood with Professor Evans and assisted him in distributing the anti-S.P.A. propaganda at the seminar, because those are my personal sentiments on the matter. However, I'm sure Professor Evans found the demonstration by some of the veterans as deplorable as I found it.

The quotation from Voltaire (usually misquoted) on the masthead of this publication states my attitude toward the S.P.A.; I'm sure that those of the veterans who consider that they fought to defeat the same tyranny some of them suggested be exercised against the S.P.A. agree with me.

Some member of the "loyal opposition" owes the members of S.P.A. an apology, and, as such a member, I offer it.

LARRY GREEN

SENATE INTERN SOUGHT

The Department of Political Science is now accepting applications for the Congressional intern program which is sponsored by Senator Howard W. Cannon. The student selected will serve in Senator Cannon's office in Washington for a period of five months, beginning September 1, 1966. During this period the intern will be registered in Political Science 306, Congressional Internship, for six credits and will also register for a three-credit evening course at a University in the Washington, D.C. area.

The intern's pay will be sufficient for him to be self-supporting while in Washington. The internship is open to all qualified applicants without respect to political affiliation.

The academic requirements include junior or senior standing in the University of Nevada and appropriate background courses in government as determined by the Chairman of the Political Science Department. However, the applicant is not required to be a major in political science. During the intern period, the student must submit several reports on his work in Senator Cannon's office and read four books from a list supplied by the Political Science Department. The grade in Political Science 306 will be given by the Department.

The internship program was inaugurated in January of this year by Senator Cannon and Dr. Eleanor Bushnell, who is now on sabbatical leave. George L. Clark, Jr. of Nevada Southern University is serving this semester as the first intern and is thereby combining practical experience in government with his academic work.

Students interested in applying for the internship, or in learning more of the details, should contact any members of Mr. Tsuratani Department of Political Science.

All applications must be in by May 6, 1966 (Friday).

BOB JENSEN

IN A REBEL'S EYE

A group of students with "artistic" inclinations managed to litter up the trees and lawn west of Grant Hall with plastic sheeting and other "art forms" a few days ago. They wore simulated, or maybe real, olive branches in their hair. Somehow or other, I got the impression they were trying to say something. What, I don't know. They didn't say.

That's just the problem. Here were a bunch of nuts telling the world what the problem is without saying a word. Personally, I think words are more easily understood. Maybe they think we "war hawks" are so illiterate that we must be shown an abstract mess to understand their internal troubles. (Remember those last two words as used by Larry Clark?)

The ridiculousness of the mess on the lawn did not compare with the "pacifist weenee roast" at all. About six weeks ago a group of enterprising students conducted what one described as "the pacifist weenee roast" on the patio of Frazier Hall. They had a miniature bon-fire which started with toy caps (the kind little kids shoot other little kids with) sputtering in a paper cup. It was probably a disappointment to the participants because the caps didn't explode, they only sputtered like "popcorn."

Sure, it's heart-warming to see students who are dissatisfied with the *status quo* try to change it. After all, isn't that the idea of our system? But, it's worse than heart-breaking, it's disgusting when people with good ideas defeat themselves with their own ridiculous actions.

Just how many students changed their minds about supporting the U.S. in Vietnam because of caps sputtering or the unspeakable mess which adorned our lawn for a short time? How many students are going to be sympathetic with the Students for Political Action and their juvenile actions? N.S.U. is composed of juveniles trying to become adult, not more juvenile.

Simmer down, S.P.A. I'm not condemning you totally. I happen to think POLIS is the best thing that's happened here this semester. Here is a logical, acceptable way to present your views and have them considered. This is something more than your stupid demonstrations accomplish. Now don't say S.P.A. didn't sanction those demonstrations. Just because there was no resolution passed doesn't mean anything. When the participants happen to be in S.P.A., their actions speak for it.

When all know the lean, hungry looks in the eyes of some members of S.P.A. will remain. They will always be trying to affect some change from the outside. They will always be hungry. Sorry about that, S.P.A., but I'd rather be affluent, well-fed and happy and affect my changes from within.

BUSINESS ADMINISTRATION DIV. COMPLETES SEMINAR SERIES

The Division of Business Administration last week completed two seminars for citizens of Las Vegas — a one-day seminar in Investments under the direction of Professor Rieke, and an eight-week seminar in Business Management, especially for small businesses, under the direction of Dr. Johnson. The Investments Seminar was attended by some 150 persons. The Management Seminar was attended by approximately 50 persons; the series was concluded with a dinner at the Hotel Tropicana at which time certificates were presented to the participants.

The Division of Business has, throughout the year, been conducting seminars of interest for the citizens of the area. For example, a seminar in Real Estate under the direction of Professor Neumann has been given throughout the year. A seminar in Personnel was conducted for Stauffer Chemical Company during the first semester. Numerous requests are on hand for other seminars such as, Advertising, Tax, Personnel, Communications, Insurance, and Management. The Business Division attempts to meet demands of the business community.

(Continued from Page 1)

Co-ordinator and Co-M.C., Sandi Sharp, Co-ordinator, Bill Ruymann, Video Co-ordinator, Chuck Crawford, Video, Nancy Engler, Video, Jack Abell, Audio, and Tom Wingfield, Special Assistant to the Producer.

The increased number of acts and the immense attendance at this year's show was cited by C.S.N.S. Co-ordinators as a major sign that the show has firmly established itself as one of the growing N.S.U. traditions.

However, the highly crowded conditions in which the show was produced and staged caused students to again refer to the need for on-campus Union facilities.

ALBO'S
 STARTING MAY 2
 OPEN 24 HOURS

Science Scholars Bring N.S.U. to the Nation

In what has almost become a tradition at N.S.U., upper-division science majors, especially in the biological sciences, have emerged as "national ambassadors of scholarly publicity for the University" through the attendance and presentation of formal papers at various regional conferences.

This year, under an accelerated program of C.S.N.S. financial assistance, both students and faculty members have been able to travel to these conferences as never before.

During the weekend of April 2 and 3, students Brian Wilson and Jim Labounty, led by Dr. Bradley and Dr. Deacon of N.S.U., attended the Arizona Academy of Sciences Annual Conference at Phoenix. Papers with N.S.U. origins at this gathering included such topics as "Habitat Preference in Desert Spring Fish at Saratoga Springs, Nev.," a study of the Nevada Bighorn Sheep, and day-night environmental patterns in desert life.

In an expanding list of future conferences, N.S.U. science students

now hope to attend the Conference of the American Society of Mammalogists at Long Beach, Calif., in June, and the American Society of Ichthyologists and Herpetologists Convention in Miami this summer.

Students who have attended the conferences throughout the year report that the program of C.S.N.S. subsidies for student research trips, and publication has both aided the scope of study, as well as given N.S.U. definite national recognition in scientific circles.

I.K.'s GATHER IN VEGAS

The men of the I.K.'s seem to have given up the habit of walking and taken to running. The causes are two fold. First and foremost is that our much talked about National Convention is being held here in Las Vegas all during this week. The second reason is that one of our members challenged one of the other fraternities to a cross country relay race to Boulder City. No firm date has yet been set for this test of prolonged insanity but it should be soon.

The championship of the Nevada lightweight division recently became the property of one of our members, Larry Clark. Congratulations to Mr. Clark on his victory. Boxing is a fine sport but to many of us Larry Clark will be better remembered for his talent as a writer and his column "Boob on the Brink."

The biggest ideological dispute ever faced by the I.K.'s has been settled and the group has united behind Bill Koot in a popular vote of support to retain the nature of the I.K.'s as it has been for the past several years. It was felt that this is the surest way in which a group such as ours can contribute to the University and still show individual growth and initiative.

DESERETS ELECT OFFICERS

The Deseret Club's new officers this semester are: LeRoy Chase—President, Reginald Hughes—Vice President, Joella Eves—Secretary, Lou Ann Hough—Treasurer, Annalee Smith—Historian. Our first party was a get-acquainted party with games, dancing, and refreshments. The games played were those learned by the officers at the Idyllwild, California, Leadership Conference.

This coming semester a trip to Disneyland, a Spring Formal Dance (April 22), a Leadership Conference in Las Vegas, and more exciting parties are planned.

Also, each Friday a Forum is held from 12- to 12:55. Guest speakers lecture on various topics. Everyone is welcome to come. We extend a hand of friendship to all.

INITIATIVE FAILS

"60 Unit Rule" Upheld

A proposal to pro-activate the recent Senate ruling which raised the student executive officer requirements was defeated in an initiative election on March 30 and 31.

In order to pass, and thereby make the "60 Unit Rule" become effective in June rather than immediately, the initiative must have had a simple majority of the eligible voters casting ballots in favor of the initiative. The initiative received only 146 votes out of 236 voting, or 61.8% of those voting. This vote turn-out fell far short, however, of the 51% of C.S.N.S. members required in the constitution.

Under the new By-Laws, known as the "60 Unit Rule," the C.S.N.S. President must have completed 60 units on the N.S.U. campus, the First Vice-President and Treasurer must have completed 45 units on the N.S.U. campus, and the Second Vice-President and Secretary must have completed 28 units on the N.S.U. campus.

The "60 Unit Rule" is the most recent step in a long series of programs designed to raise the caliber of the elected officers through a system of continuously raising the qualifications of an office holder.

The first set of qualifications, written into the 1955 student Constitution, stipulated that an officer need only have attended N.S.U. the previous semester, and be a full time student. Through a process of legislative evolution these qualifications have been widened to embody a minimum number of credits passed, a minimum grade point average, and a various number of to have been completed on the N.S.U. campus.

In January of this year a Joint Session of the Senate and Executive Committee passed a resolution to again raise the qualifications of office holders. This resolution was first attacked as being unconstitutional, and was brought before the Judicial Board. The Judicial Board ruled that the By-Law changes were completely constitutional, and went further to state that it was appropriate legislation, but ill-timed.

The opponents of the legislation then brought up a proposal in the Senate to make the By-Law changes take effect in June rather than immediately. This proposal was passed in the Senate, but failed to receive the 2/3 majority in Joint Session to become effective.

Tim Toth, a previously announced Presidential candidate, obtained a petition to make the "60 Unit Rule" petition calling for an initiative become effective in June. The petition was validated by the Judicial Board, which passed the petition on to Tom Hribar, C.S.N.S. President. On March 30 and 31 Tom Hribar placed the initiative before the student body for a vote.

Had the issue been initiated by the C.S.N.S. President rather than a C.S.N.S. member the issue would have required only 2/3 of the votes cast as stipulated under the requirements of a referendum in the C.S.N.S. Constitution. If the recent question had been a referendum, the 2/3's would not have been achieved and it still would have failed.

BULLETINS

(Continued from Page 2)

Foyer of Frazier Hall. They will be available to counsel any interested students concerning the various officer programs in the U. S. Navy. At the present time, commissions are available in the fields of General Line, Aviation, Engineering, Supply Corps, Medical Service Corps, and other specialties. The team will also be available to counsel women students interested in the WAVES and Nurse Corps. The Officer Qualification Test will be administered on campus.

For most programs, application can be made at any time after completion of the junior year. Processing of applications takes approximately three months. Those selected are ordered, after graduation, to the OCS class of their choice. There is no obligation incurred upon application.

MODEL U.N.

N.S.U. To Represent Costa Rica, Senegal at S. F.

Nevada Southern University's 1966 Model United Nations Delegation has entered the final planning stage for the Far Western Session to be held this year in the San Francisco Hilton Hotel, San Francisco, California between April 27 and 30.

N.S.U. is the only school representing the state of Nevada at the gathering this year, U. of N. having failed to plan on attending. At the conference of over 100 West Coast colleges and universities, Nevada Southern will be representing the nations of Costa Rica and Senegal in actual simulation of U.N. conditions.

Chuck Crawford and Joey Peer are the Co-Chairmen of the N.S.U. Delegation. In preparation for the San Francisco Conference, they will be attending a Regional Meeting this weekend at San Diego State College. There are 16 members on the N.S.U. country teams, and Professor Antonio Lapitan is the faculty advisor.

STAGE BAND

Plans are underway to establish a course in Stage Band, which will include arranging, conducting, composing and production and which will be offered for credit in the Fall of 1966. Anyone interested in any phase of stage band organization, please see Dr. Chase in SS 139 or Mr. Moon in SS 116 (Tues. & Thur. at 1:00 P.M.).

Plans are also underway between C.S.N.S. and the Music Department to organize a Rebel Pep Band from the ranks of the Stage Band.

Literary Magazine Organizes

Matrix, Nevada Southern's first creative arts magazine, will appear on May 15. The following students comprise the editorial staff: Vicki Bertolino, April Mulder, Patricia Rhoads, Larry Green, Mike Barry, and Gary Gutierrez. Janice Counts is editor and the faculty advisers are Herbert Diamante and Gerald Pfaffl.

The staff urges all students and faculty members who wish to contribute original work to do so before April 20. Short stories, plays, poems, essays, and pictorial art will be welcomed for inclusion in the magazine. An annual award is being considered for exceptional student work published in Matrix.

RAY CHARLES

(Continued from Page 1)

quizzed, the fans of the "Charles Genius" usually retort with the simple phrase, "Witness a Ray Charles concert and see!" Next Friday evening, N.S.U. students will have a chance to test that statement, and from all indications, it will be a hard one to refute.

FACE CAL WESTERN MONDAY

REBEL PITCHING JOINS CIRCUS

Nevada Southern's baseball team is scheduled to limp into San Diego next Monday in an attempt to strength their enemy season record.

The Rebels, who have dropped their last 10 of 12 outings, will meet California Western University carrying an unimpressive 6-11 record.

Last weekend the Rebs started well by downing Claremont-Mudd College, Pomona, Calif., 4-3, and gaining a berth in the finals of the Nevada Southern Invitational Tournament.

Centerfielder Gary Lair drew a ninth inning, bases-loaded walk to bring in catcher Gary Heckathorn for the tie-breaking run and the opportunity to meet the University of Wyoming in the championship tilt.

Bill Behrens was credited with the win after relieving starter Bruce Berman in the eighth. Claremont used three pitchers who allowed 14 walks between them.

In the final game of the tournament, the University of Wyoming banged four N.S.U. pitchers for a total of 18 runs of 19 hits, seven of the pokes going for extra bases. The Rebels could only manage 6 runs and 9 hits.

Don Knepp, N.S.U. third baseman, was one of the few bright spots in the game. Knepp collected 4 hits in 5 trips to the plate, including a double and a triple.

Nevada Southern suffered its second consecutive loss Monday from the University of Wyoming as the Cowboys scored 4 runs in the fourth and 2 in the sixth inning to wrap up their stay in Las Vegas.

N.S.U. rallied in the bottom of the fifth inning to tie the game at 6-6. First baseman Bruce Layne doubled to bring in Gary Lair, Al Caponetta and Bruce Berman. Caponetta had earlier singled in Russ Sanserino.

Tony Bozich, who came in during the top of the fifth to stop the Rebels rally, was credited with the win.

Wyoming came back in the sixth with 2 runs on 4 hits to put the game out of reach.

Bruce Berman took the loss in relief of Tom Teittmeyer. Teittmeyer allowed four hits and seven walks, but no earned runs. Berman struck out eight batters.

Caponetta, 2 for 5, and Sanserino, 3 for 5, led N.S.U. hitting.

Three weeks ago, Nevada Southern fell victim to a no-hit performance by arch-rival University of Nevada pitcher, Fred Dallimore. Dallimore struck out six Rebel batters and allowed four walks as the Wolf Pack won the opener of a doubleheader, 6-0.

The second game of the pair looked almost like a repeat with Nevada hurler Bob Bossieux giving up only one run on four hits. Final score: 6-1.

Against Glendale two weeks ago, Al Caponetta's double in the bottom of the eighth inning brought in the winning run as N.S.U. ended its five-game losing streak with a 3-2 win in the first of a two-game series.

Glendale (Arizona) out-hit the Rebs 9 to 6 and were ahead 2-0 going into the bottom of the last inning.

With the bases loaded, Russ Sanserino scored on a fielder's choice. Bruce Layne then singled home winning pitcher Bruce Berman to score the tying run, followed by Caponetta's game-winning double.

Don Knepp led N.S.U. at the plate with a 2 for 3 performance.

The following day, however, found the Rebs again on the short end of the scoreboard, 3-1. Russ Sanserino collected 2 of the Rebel's 7 hits. Steven Teittmeyer managed the only N.S.U. extra-base hit with a double.

LaVerne College, Calif., followed Glendale's visit to campus and proved themselves to be a more than worthy opponent by besting the Rebel nine in both games of a twin series, 8-1 and 5-4.

In the first game, La Verne belted out 15 hits, three of them going for extra bases. The only La Verne batter unable to hit was pitcher Phil Winkler, who displayed his talents on the mound and allowed N.S.U. only six scattered hits.

Catcher Gary Heckathorn led the Rebs with a 2-4 batting performance.

The second game with La Verne saw Nevada Southern giving one of their best efforts as they were defeated 5-4 in the 12th inning.

After trailing 1-0 for five innings, a walk and singles by Steve Teittmeyer and Gary Lair, followed by Al Caponetta's double, gave the Rebs a 3-2 lead. Teittmeyer, in the sixth inning, then hit his second sacrifice fly to open up a 4-2 Rebel advantage.

In the eighth inning, however, Gary Rawls of La Verne rapped a 300 foot homer over the right field fence with a man on to knott the game at 4-4.

Rawls again became the hero for La Verne when he singled home pitcher Larry Kennan for the winning run in the top of the 12th.

Harriers Dump Dixie, Face Poly, No. Arizona Today

Nevada Southern University's young, but vigorous track team takes to the cinder again today at 3 p.m. at Butcher Field in what is beginning to shape-up as the best year yet for N.S.U. in intercollegiate competition. The Rebels have come a long way since the introduction of the Track and Field program last year, and today the men from Maryland Parkway have their work cut-out for them. They face Cal/Poly of Pomona and Northern Arizona University in an abbreviated triangular meet.

Nevada Southern University won its first track meet of the season

two weeks ago when it defeated Dixie College, 42-24 at Butcher Field.

Distance runner Jim Whipple was a double winner, running the mile in 4:48.0 and clocking off the two-mile in 10:42.0.

Freshman Harold Stafford won the 220 yd. dash in 22.8 and also placed second in the 100. Roger Wagner of N.S.U. won the 100 with a time of 10.1.

Because Nevada Southern is still building its track program there was only one field event in the abbreviated meet.

APRIL 30, Sat.	Taft College —Cashman Field
MAY 7, Sat.	Col of Southern Utah —Cedar City
MAY 14, Sat.	No. Arizona (2) —Flagstaff

SPORTS TALK.. by Terry Lindberg

Don't be surprised to see Nevada University fielding its first inter-collegiate gymnastics team next year. Word has it that a few meets have already been scheduled. Among the probable future opponents are Cal Poly, University of Nevada, and the University of Arizona.

Speaking of gymnastics, that Easter Clinic at the Convention Center last week was quite successful. Almost 200 attended the event and observed the techniques presented by some of the real masters of the sport. Among them were: Roy Davis, San Jose; Bob Peavy, San Mateo; Sam Ballie, University of Arizona; and Art Shurlock, 1960 and '64 Olympic team member. The clinic next year will be expanded to 4½ days.

At the United States Gymnastics Federation Western Sectional held on campus two weeks ago, Pam Gadbaw qualified for the Nationals. Also placing in the top six were Charmaine Jenkins and Tina Mundy. Tina is 12 and Charmaine 13 years of age.

The gymnasts will hold a special Balance Beam and Uneven Bar show in the gym for Senior Day next week.

Nevada Southern student-boxer Larry Clark now holds the official Nevada Lightweight Boxing Championship. Clark defeated Bobby Allen at the Hacienda two weeks ago for the title. The match went the full 15 rounds with Larry winning by a unanimous decision. Congratulations Larry; it's a heck of a way to make a living.

Looks like I really put my foot in my mouth when I predicted three weeks ago that Nevada Southern's baseball team had a good chance of being invited to the playoffs. The way things are now, the only invitation they'd receive would be for an exhibition game with the Mets.

N.S.U. basketball coach Rolland Todd has his boys working out on the weights every day around 3:00 p.m. If properly conducted, a program of this nature will undoubtedly make a favorable projection into next year's season.
