Pleads Southern Wrongs to Regents

Clark Seeks Separate Chancellor System

By MARY MANNING

During the Board of Regents meeting Saturday, Nevada Southern University Student Body President Mike Clark criticized President Charles Armstrong's administration for forgetting NSU.

"When Tonopah Hall was open, students slept on cots with no partitions and poor water conditions and we took this kind of thing every day," said Clark when he appeared before the Regents.

He explained that NSU students favor separate autonomy for the southern campus and think the Regents should abolish presidential management. Instead they prefer autonomous Chancellors on each campus.

Clark followed two consultants, from Arizona and California, who expressed their viewpoints of the change. Leon Levy, budget committee chairman for the University of Arizona Regents, and Dr. Algo D. Henderson, a distinguished research educator for the University of California, agreed that the Regents must stand for the entire university system, not for a favored campus.

However, Levy conceded "you'll have politics and sectionalism no matter what you do to the administration."

The consultants favored an administrator who acts as a financial and curriculum coordinator. He should be on the Board of Regents along with the university presidents, both men agreed.

Dr. Henderson said state legislators are too busy to iron out differences between university campuses, and the Regents should smooth things out after checking the situation with the presidents and the financing coordinator.

Foreseeing possible community colleges in Clark County, the consultants pointed out they should be under the unified Regents. Dr. Henderson emphasized the role a community college plays in initiating vocational training.

In other action, the Regents approved unanimously seven new programs for NSU. Five master's degree courses and two special programs were okayed for next fall.

Students may take courses for an MA in German, Spanish, political science, economics and business administration. Programs for a BA in philosophy and a specialist in education (one year beyond a master's degree) were also approved.

NSU Chancellor Donald C. Moyer promised the programs won't need extra funds. He requested allowances for the additional faculty in early proposals.

Each course was carefully reviewed by consultants prior to the meeting.

NSU will have a new educational television station in the old patio of Frazier Hall because the Regents approved \$25,010 for the facility.

ETV is part of a statewide program. The Regents appropriated \$20,000 from the General and Technical Institute funds and the other \$5,010 from NSU's capital improvement fund. Dr. Moyer said some federal money was available but did not say how much.

Regents also voted unanimous approval for NSU's new structure for the buildings and grounds crew under Ross Morton, plant engineer. Dr. Moyer stated the building will cost approximately \$60,000. The

Chancellor previously estimated a ceiling figure of \$48,500 for the facility, but construction and labor costs upped the price.

The final figure for appropriations must be approved by the special 1968 legislative session because it's a new building on campus.

Facilities will be located on Harmon Avenue, west of present campus buildings.

In other action by the Board, a

tentative budget passed for \$16 million requested by Acting President Neil Humphrey. It was a six per cent increase over last year according to a report made by Humphrey.

Regents also passed a \$705,000 request for supplemental funds which must be appropriated by the special legislative session. The final figure was drastically cut from previously submitted requests Humphrey said.

CHANCELLOR and community leaders cut ribbon during tree-lighting ceremony here last Monday, unwrapping NSU's second decade. The celebrants are (l to r) Frank Young, Miss Flora Dungan, Mayor Oran Gragson, Chancellor Moyer, Regent Archie Grant, Jim Corey.

Expansion Plans Soar During 10th Year

By HANK APFEL

Expansion seems to be the watchword in education today, and NSU is participating in this movement with tremendous enthusiasm.

According to Chancellor Donald C. Moyer, the University can eventually anticipate an enrollment of more than 15,000. Since this calls for the addition of more than 11,000 students, NSU will have to grow at a tremendous rate. But if the University's goals are reflected by the dynamism Chancellor Moyer shows, NSU can anticipate concrete expansion.

On July 1, 1968, the library will receive \$370,000 for the purchase of new books and periodicals. "Nevada Southern ranks with the best in total library budgets," Mr. Erikson commented. He added, "Brown University received a total of \$346,000 last year, while Brig-

ham Young University received a total book budget of \$485,000 for the '65-'66 school year."

Mr. Erikson explained that the library receives 4,000 additions to its holdings each month.

Student enrollment also reflects the University's growth. According to Mrs. Muriel Parks, Registrar, in the fall of 1961 NSU had a total of 419 full time students, with an over-all day-night enrollment of 1,183 students. Figures for the fall semester of 1967 show an NSU with a total full time enrollment of 1,874 full time students and an over-all enrollment of 3,733 students.

Work on the new Campus Center is proceeding at a rapid pace, and occupancy is expected by summer. With this addition to the University, students will have physical evidence of their new direction.

THE BYRDS will fly into NSU gymnasium tomorrow night to dovetail the third annual Homecoming activities which began last Tuesday. The three Byrds, (l to r) Chris Hillman, Jim McGuinn, and Michael Clarke, will perform in a special CSNS concert at 8 p.m. that features the radiant Sunshine Company and the fast Jet Set. Admission for the flight is \$2.00, with all CSNS members taking off for free.

Homecoming Slate Skyrockets Today

Today's Homecoming activities blast off this afternoon with a motorcade at 3 p.m. of the Homecoming floats which will be judged at the Convention Center.

The motorcade will go from the dorm parking lot down Flamingo road to the Convention Center.

An Alumni Buffet hosted by the cheerleaders will be held today at 5 p.m. at the Convention Center Gold Room.

Following the buffet at 6 p.m., a pre-game torch rally at the Convention Center with the pep band, cheerleaders, and

pom pom girls leading the rally.

The traditional rivalry basketball game between NSU and Reno will be played at 8 p.m. at the Convention Center. At halftime the Homecoming queen will be crowned. There are five finalists still contending for Homecoming queen. A Homecoming dance will follow the game in the Gold Room.

Tomorrow night a CSNS concert featuring the Byrds, The Sunshine Company and the Jetset will take place at 8 p.m. The concert is free to CSNS and \$2.00 will be charged to all others.

Kappa Sigs hurry to complete the float they are co-creating with Alpha Delta Pi ready for today's motorcade.

Smith Sites Hippies' Hopes, Hazards

With semester finals just around the corner, David Smith, doctor of the Haight-Ashbury hippies, told students here Monday, "The use of stay-awake pills to study for exams isn't worth the post-exam depression that results."

Dr. Smith described numerous cases that had "presented themselves to his clinic" in the form of suicide attempts. He probed the causes of the hippie movement, explaining that to understand the hippies, one must understand why they have become the way they are.

"Hippies," Dr. Smith said, "want to make an anti-contribution to society."

"They feel that society as it now stands has no future, and their activities are intended to set back war and materialism."

Most of the hippies of Haight-Ashbury are not, according to Dr. Smith from the deprived backgrounds usually associated with anti-social attitudes. Instead, they come from middle and upper-class homes and have had the so-called advantages of life.

"Many of them are reacting against institutionalized education," he explained. "They don't want to be just another of the 20,000 robots designed to perform a particular approved task."

In the use of drugs, which really becomes synonymous with the hippie movement, the protesting youth find a creative opportunity. They develop a new, subjective reality. Thus, the cliché, "drop out, tune out, tune in" becomes significant.

The problem becomes acute, Dr. Smith explained, when the drugs that alter reality wear off and the hippies find themselves tuned back into society.

"When-up-on LSD, the user has a vision of oneness. When he comes down, the things he was trying to forget are still there."

The doctor said that on a single Saturday night his clinic averages 24 acute panic reactions.

Outlawing the use of LSD won't solve the problem, he explained. The producers of hallucinatory drugs have learned a lesson from the pharmaceutical houses, and there are now as many varieties and names for the acid as there are for aspirin.

His 300-person audience responded with laughter when Dr. Smith explained that annoyed hippies had satirized the attempt at anti-drug legislation with the most ridiculous statement they could think of — that they could get high on banana peels.

He added that the thing that disturbs him most is that with all the attention given LSD, very little

(Continued on Page 3)

The gifts are so brightly wrapped, with pink ribbons on blue spangled paper under a beautifully lighted tree in front of a warm fireplace. The family sits, together, admiring the scene. Rejoicing.

The guns are loud as ever, sharp cries of help mingled with moody sobs of anguish under a strong, unbearably hot sun. The troops sit, together, imagining the scene. Praying.

The stores flood over with mobs of people doing last minute shopping to make their loved ones happy, trying to decide the right things to buy.

The fields flood over with mobs of people doing last minute shooting to protect their loved ones, deeply pondering the right things to do.

A mother wishes her son could open his gifts with the family . . .

The son will never open his gifts. Sonny asks where Daddy is . . .

Mommy can't answer; she doesn't know.

Children go caroling through the snow, chanting the refrains of "Silent Night."

Soldiers—too many soldiers—sleep in heavenly peace.

Bitter parents hate the country and all its leadership for what it has done to their lives.

Proud sons gloriously risk their lives for what leadership has done for their country.

Greetings come from a local draft board informing of eligibility.

Telegrams come from the government informing . . . informing

of injury . . . loss . . . maybe death . . .

Hypocrisy . . . confusion
loyalty . . . hatred . . . a world
Christmas . . .

Worries . . . how long need the turkey cook . . . has my son eaten today . . . how many shall we expect . . . how many won't make it . . . Mommy, I want to go home and play . . . Mommy, please, I want to go home . . .

Appeals . . . unfairness . . . love
hypocrisy . . . a world . . .
Christmas . . .

Prayers . . .
A prayer in Iowa.
A prayer in Saigon.
A prayer in Washington.
A prayer that must be answered.

Remember two years ago? Oh, Jim got the nicest shirt for Dad. And it was Billy's first Christmas . . .

Did he love that train set Jim got him. Jim went through that dinner just like a house on fire. Jim enjoyed the day so much.

Bang.
Hypocrisy . . . a world
Christmas . . .

Next year will be different. We'll all be together again. And we'll make up for this year. We'll have the biggest holiday ever. We'll buy the biggest gifts. We'll share the biggest love. Next year will be different . . .

Hypocrisy . . . a world
Christmas . . . hope . . .
Christmas . . . hope . . . it's why we can say . . .

Merry.

A Letter to the Editor

To the Editor:

As two students who take pride in Nevada Southern University we would like to make known our disappointment with some students who attend this institute of higher learning. Our library is a source of pride for many of us who long awaited its completion.

We are sure that most students realize the importance of the library as a pleasant place to work; however, some so-called "university students" are not mature enough to use it properly. One would think that those qualified to attend a university would be above burning cigarette holes in new furniture and carpets and defacing the walls, tables, etc., with the writings of a seventh grade junior high school student. The study carrels on the third floor of the library are prime examples of these practices.

Those responsible should realize that the administration will be forced to revoke the privilege of smoking and free access to the carrels if these practices are not curtailed. It is the responsibility of every student to correct this situation.

PURGING FIRE

This day is like a purging fire,
Rekindling truths grown dim,
The stories at my mother's knee—
Her wondrous tale of Him.

The package 'neath the Christmas tree,
The gift of love within,
Hard bought with sweat and sacrifice
Recalls God's gift to men.

Outside the street is filled today,
So search, you'll find a smile
As someone helps an unknown friend
Or stops to carol a while.

The war may rage in Viet Nam
And we must search and grope
But while men care this day alone
There still is room for hope.

Three Seek Queen Title At Sno Ball

The crowning event of the Homecoming celebration will be the 1967 annual Sno-Ball dance at the Italian-American Club on Sahara Ave. at 8 p.m. this Monday. The dance is co-sponsored by the Intercollegiate Knights and CSNS.

The Sno-Ball Queen will be crowned at the dance. Candidates for Sno-Ball Queen are Mmes. Nora Allen, Coleen Bell and Judy Fleishman.

NORA ALLEN

Miss Nora Allen, a freshman at NSU, is the queen nominee of Kappa Sigma. Miss Allen was a member of the first graduating class of Clark High School. She is a four-year nursing major who likes to water ski and sew when she is not working at The Broadway.

COLEEN BELL

Delta Sigma Phi nominated Miss Coleen Bell for their queen candidate. Miss Bell is a junior art major. She also is the vice-president and chaplain of Phi Mu sorority and a member of the Pep Commission board. Miss Bell is interested in business, horseback riding, tobogganing and most sports.

JUDY FLEISHMAN

Miss Judy Fleishman is the queen nominee of Chi Sigma Chi. She is a sophomore psychology major. This year Judy is a Lamplighter and a pom pom girl. She graduated two years ago from Vegas High School where she belonged to Rhymettes.

The Sno-Ball is free to all CSNS members.

This is the now infamous Reno Cannon which has been the target of two unsuccessful abduction plots attempted by NSU students. It was the first such attempt which led to the "so-called" revolving Morrill Hall Bell Trophy . . . illegally in the hands of Reno at the present time.

Yule Season Time for Romance

This holiday season tuck away your kilts and sweaters, your knee socks and loafers. Exit (for a few hours or days) the college girl. Enter a new you — in a black velvet hostess skirt, a white satin shirt, sashed with shocking pink kind, your hair shining in curls. Sound like fun? Definitely! Well, this is the season to try it. Romance abounds in fashion. Ruffles, tucks, soft full skirts — even marabou feathers — make this holiday dressing more sentimental than in years.

End hard chic, tough brash fashion. Begin the soft and tender look — much more appealing, much more approachable. Colors and fabrics all romantically right for the holidays include lots of white, lots of black, soft pastels, great contrasts of textures: crepe, velvet, satin, wool, chinchilla, cashmere, soft heathery tweeds. Banish all worries about the cost — among the many great party looks in *Mademoiselle's* November issue, there are 20

for less than \$36.

Ruffles and flourishes sound the knell of the hard-edged dress. This year arrive in white satin backed crepe shirtdress ruffled at neck and sleeves and down the front. Or a white crepe dress with a hood of ostrich feathers. At home, wear a drindle-waisted long skirt in a heathery tweed of camel, black and ivory. With it, a ruffled white cashmere sweater. For a special dinner a deux, greet him in a plunging-neckline dress of pale peach over soft gray peau de soie wrapped with a brown satin belt. With them all, wear glittery stockings, shiny, chunky shoes.

Hippies' Hopes, Hazards

(Continued from Page 1)

is said of the use of amphetamines. The younger hippies who hold none of the philosophical conversion objectives of the movement and have joined in just for the drugs and the sex, find these pills more to their liking than LSD.

Dr. Smith said that tolerance to amphetamines builds rapidly, and in a short time the young hippies discover themselves taking one hundred to one thousand times the normal adult dosage.

He described the affect of marijuana as closely paralleling that of alcohol. "Its worst liability," Dr. Smith commented, "is that it causes young people to disbelieve what society has told them about the harmful effect of drugs and conditions them to accept something stronger."

To persuade the hippies to relinquish the use of drugs, the doctor has concluded that he must convince them they do not advance the central objectives they should be aiming for.

Hippies will accept marijuana as a detriment if they can be shown that in addition to numbing many of the social drives they detest, it causes them to lose a motivation that they want — the sex drive.

Dr. Smith tries to teach his patients that non-drug activities can be "a turn-on too."

He points specifically to the social reforms of James Baldwin's black power movement and Joan Baez' political activism.

Dr. Smith said both of these reform leaders oppose the use of drugs.

BULLETIN

Governor Paul Laxalt will be on campus today to participate in Homecoming activities and to meet the students here.

At 2:30 p.m. he will speak in the Social Science Lecture Hall, room SS 103.

From 3:30 to 4:30 the Confederated Students will host a reception for the Governor in SS 112. Refreshments will be served.

The Governor will join in the Homecoming Rally at 6:00 p.m. to be held in front of the Convention Center. He will also crown the Homecoming Queen during half-time ceremonies at the Reno-NSU game tonight.

'TIS THE SEASON TO BE JOLLY

Yuletide is almost upon us. Let's stop wasting time in classes and get on with our Christmas shopping. Following are a number of gift suggestions, all easily obtainable at your nearest war surplus boutique.

First, a most unusual gift idea, brand new this year and certain to please everyone on your list—a gift certificate from the American Veterinary Medicine Association! Each certificate is accompanied by this charming poem:

*Merry Christmas, north and south,
Does your cow have hoof and mouth?*

*And your dog, fidele semper,
Here's a cure for his distemper.*

*Little kitten, cute and squirmy,
Bring her in. I think she's wormy.*

*To bunnies, turtles, parrots green,
Joyeux Noel! Heureux Vaccine!*

Are you wondering what to give that extra-special man on your list? Stop wondering. Give him that extra-special shaving combination, Personna Super Stainless Steel Blades and Burma Shave. Each gift is accompanied by this charming poem:

*Christmas merry, New Year bonny,
From your friendly blade Personny.*

*You will have the ladies fawning,
If you're shaving with Persawning.*

*Injector style or double edges,
Both are made by good Persedges.*

*And Burma-Shave in plain or menthol,
Leaves your face as smooth as renthol.*

(NOTE: As everyone knows, renthol is the smoothest substance ever discovered. You may not know, however, that renthol is named after its inventor, Ralph Waldo Renthol, who developed it by crossing a swan with a ball bearing.)

(Interestingly enough, Mr. Renthol did not start out to be an inventor. Until age 50 he was a Western Union boy. Then fate took a hand. One day while delivering a singing telegram to a girl named Claudia Sigafos, Ralph noted to his surprise that the telegram was signed "Claudia Sigafos!" She had sent herself a birthday greeting!

(When pressed to explain, Claudia told Ralph a heart-rending tale. It seems that when she was only six weeks old, her parents were killed in an avalanche. The infant Claudia was found by a pair of kindly caribou who raised her as their own. They taught her all they knew—like how to rub bark off a tree and which lichens are better than other lichens—but in time they saw that this was not enough. When Claudia reached age 18, they entered her in Bennington.

(Unused to people, Claudia lived a lonely life—so lonely, in fact, that she was reduced to sending herself birthday greetings, as we have seen.

(Ralph, deeply touched, married Claudia and tried his best to make her mingle with people. It didn't work. They went nowhere, saw no one, except for an annual Christmas visit to Claudia's foster parents, Buck and Doe. To while away his long, lonely hours, Ralph finally built a work bench and started to futz around with inventions, as we have seen.

(It is pleasant to report that the story of Ralph and Claudia ends happily. After the birth of their two children, Donder and Blitzen, Claudia joined the PTA and soon-overcame her fear of people: Ralph joined the Elks.)

But I digress. Merry Christmas to all and to all a good night! Ho-ho-ho!

© 1967, Max Shulman

The makers of Personna and Burma Shave join Old Max in extending greetings of the season.

REBELS vs. Pack Tonight!

Gymnasts Set First Tourney For January 5

Under the coaching of Mr. Jan Van Tuyl NSU has for the first time in its history organized a gymnastics team recognized by the NCAA.

Members of the team, which meets Monday, Wednesday, and Friday from 5:30 to 7:00 p.m., Steve Buzzell, Bob Cummins, Bruce Heskett, Kent Lang, Jim Roberts and Jim Smith.

The team is training for seven upcoming meets: Cal-Poly of Fullerton, Jan. 5; Southern Nevada Championships, University of Utah, Feb. 17; State Championship, March 2; Cal-State of Pomona in late March; Weber State in early April; and San Diego State on April 5.

Coach Van Tuyl feels that "gymnastics has basically only two other contenders for mental and physical conditioning," those being cross-country running and all-round swimming. In order to excel as an all-round gymnast an individual should "practice at least six hours a day, six days a week."

The Gymnastics organization is presently looking for persons interested in learning to conduct meets, judge routines and set up equipment. Such persons should contact Coach Van Tuyl.

Plans now being made include the United States Gymnastics Federation Nationals of 1970 to be hosted by NSU and the National Collegiate Athletics Association Nationals of 1972 to be held at NSU. Preliminary investigations are also being made as to NSU hosting the World University games sometime in the 1970's.

SNCC Plans 1,000 Miler

The Southern Nevada Sports Car Club had its first Gymhanna, or parking lot race on Dec. 3. The event was adequately attended, and the excitement was tremendous. The race was won by Chuck Damus, of Las Vegas, in an Austin Healey. The club has another Gymhanna planned immediately after the semester break.

Mike Curley, club spokesman, said in an interview that a one-thousand mile Ralleye has already been scheduled for early spring. There will be a number of trophies, as well as prizes, and prize money given. The event will cover the Nevada, Southern Utah, and northern Arizona territories. Applications must be turned in to Mike Curley, in room 409 of the dorm, or at 736-9987, by the end of February.

The event will include an overnight stop, and the club hopes to keep the entry fee below \$25. Patches, dash plaques, or jackets may now be purchased.

DAVID TAKES GOLIATH—John Turner throws Layton Duer during judo practice last week.

Goal Surpassed

Football Fete Nets \$75,000

Is Nevada Southern ready for a football team? Some 700 community supporters proved their beliefs in a record turn-out last Sunday that contributed \$75,000 to the NSU football program.

The Banquet, sponsored by the Nevada Southern Football Foundation, was attended by numerous state and local dignitaries. The head table seated Governor Laxalt, Lt. Governor and Mrs. Ed Fike, Mayor and Mrs. Oran Gragson, Rabbi and Mrs. Aaron Gold, Chancellor and Mrs. Donald Moyer, Interim President Neil Humphrey, NSU Athletic Director and Mrs. Chub Drakulich, NSU head football coach and Mrs. Bill Ireland, Master of Ceremonies Mr. Paul McDermott, guest speaker Dee Andros and CSNS President Mike Clark and his fiancée Miss Melita Fuhman.

Chancellor Moyer, in his address to the assembly, thanked everyone for their response and closed by saying, "We can do the impossible with your help."

During his speech, Coach Ireland referred to several celebrities in the audience such as Eddie LeBaron, "the greatest little quarterback ever"; Pat Brady, the great ex-Pittsburgh Steeler punter; and former heavyweight boxer Sonny Liston.

Ireland assured the group that their donation was "the best investment you ever made in your life", as will be proven during the 1968 football season.

MC Paul McDermott presented Moe Dalitz with the "golden pigskin" trophy for his outstanding contribution to the foundation of both time and effort.

Rebs Shellack Dons, 118-90

If you were a Don from the University of Albuquerque, you would not like Las Vegas very much.

In fact, Las Vegas might bring back terrible memories like the 118-90 shellacking you received when you tangled with NSU Monday night before 2,500 pro-Rebel rooters at the Convention Center.

Four Rebels hit in "magic" double figures in the basketball contest that was roughly battled until the fourth period buzzer sounded. Elburt Miller and Don Lyons sank 34 and 29 tallies respectively to pace the NSU attack. They were followed by John Trapp with 16 markers and Jerry Chandler who handed in a 13 point performance. Curtis Watson also added nine for the Rebel cause and along with his teammates shined on defense.

Roland Todd's Rebels rapped out a 57-41 halftime advantage over the

Dons by scoring at a blazing 51% clip. At one point the red and grey had their opponent down by a 36 point margin. Midway through the second half Coach Todd sent his reliable reserves into action and they coasted to the 118-90 victory.

The loss was only the second setback for the Albuquerque-based basketball club who were ranked in the nation's top ten small colleges two years ago. Len Conaway tossed in 27 markers in the Don's losing effort. He was aided by Frank Larrabee with 16, Bob Bissant who had 12, and Gerlad Cook who also hit 12 points.

In the preliminary Freshman-Nellis Air Force Base hoop tiff, Coach Bill Scobel and his Cubs found themselves on the short end 96-86. The Nellis team had to be considered a much older and experienced opponent.

Meadow Gold Dairies

2200 Las Vegas Blvd. North

Las Vegas, Nevada

NSU Challenges Reno In Third Homecoming

Las Vegas Convention Center will be the battleground this evening at 8:15 p.m. as Coach Roland Todd pits the ferocious Rebels against a hungry Wolfpack hoop squad from the U of N.

The Rebel-Wolfpack Homecoming clash has been considered a bitter rivalry since NSU's conception and tonight's tilt shouldn't be an exception.

Coach Jack Spencer and company go into tonight's big game on the heels of two defeats, losing to the Spartans of San Jose State 96-86 and 82-73 in the weekend nonconference contests.

Coach Spencer's Reno-based basketballers, who garnered a conference championship in '65-'66, found themselves in a tie for last place last year, posing a poor 5-20 won-lost record.

Spencer, who terms the '67-'68 Wolfpack campaign as a building year, feels that his ball club will do better this season.

Alex Boyd and Dexter Wright, two players up from junior varsity ranks, just may be the boost that the Wolfpack needs against San Jose State. Saturday night they bucketed 24 and 20 tallies respectively.

U of N will start Alex Boyd and Dexter Wright this evening along with Roy Lesh, Joe Madigan, and Hugh Gallagher.

The Rebels, looking for another big victory, are expected to counter with Don Lyons and Elburt Miller in the forward slots, Jerry Chandler and Curtis Watson at guards, and hulking 6'7" John Trapp in the post position.

After tonight's clash, the Rebels travel to Los Angeles to tangle with California State Dec. 16. On Dec. 19, the University of Hawaii invades the Convention Center, followed on Dec. 22 by North Texas State and by Houston University on Dec. 23. Dec. 27 is set aside for the Holiday Classic.

Cubs Keep on Pushin'

The Freshmen Basketball team kept up its winning ways last Saturday, by championing its third game of the year with no defeats, 110-89 over Barstow at the California school.

Jim Arrington was again high scorer, hitting 40 points as the Cubs beat Barstow for the second time this year. The Frosh are averaging 111 points per game. With his 40 points last Saturday, Arrington brought his personal average up to 36.3 points per game.

Former teammates at Rancho High last year, Robert Riley and Terry Hunt, contributed a total of 54 points to the winning cause. Riley, who pulled down 13 rebounds and assisted on seven plays, scored 32, while the aggressive Hunt bucketed 22.

The Holidays will be busy ones for the Cubs as they play four games, all at the Convention Center at 6 p.m.

Today the Freshmen start the Homecoming games off with the Nevada Test Site. The contest is a preliminary to the NSU-U of N at Reno match starting at 8 p.m.

Over the vacation, Coach Bill Scoble's men will play host to Palo Verde on Dec. 19, Dixie on Dec. 22, and on Dec. 23 as the prelim to the NSU-Houston battle, the Cubs tangle with Imperial Valley College.

The young Rebels will come back from the Holidays Jan. 4 to tangle with Nevada Southern's traditional rival — the College of Southern Utah — in another 6 p.m. Convention Center Prelim.
