**Minute Novel Motel by Arthur Daily**

The light from the sign kept motel manager Wes Clepto awake all night. He had just been assigned

here by the home office, but already began to hate the place.

His wife, walked into the room to wake him. He hated his wife, his mistress would be in with the rest of the staff later on.

He hated his mistress, but she was a good time.

He got up and looked into the mirror, and hated the way he looked. In fact, there wasn't much about life he liked, except intimidating people he had never met and torturing small dogs.

Yes, that is what he would do today, he would yell at the customers and then kidnap a poodle.
