In the 1960's an actor/director went looking for America—and created a new kind of film. The man was Dennis Hopper. Easy Rider was the film that defined an era.

As an actor and director, he has always gone to the edge, taking us places we'd never seen before. Easy Rider, Blue Velvet, Rivers Edge.

Now, in 1988, we find director Dennis Hopper in the streets of Los Angeles. In a war zone where gang members and innocent people alike are killed over territorial emblems of red and blue. Over **COLORS**. And again, he takes us places we've never seen before with the first realistic motion picture about the war against street gangs.

To do it he has brought together an extraordinary cast and crew. All of them sharing a fierce devotion to the director's vision. And leading the cast, two motion picture actors of unparalleled intensity.

Sean Penn and Robert Duvall.

WHAT HIGH-TECH ADDS TO PERSONAL-TOUCH NURSING.

High-tech will never replace the care and kindness of personal-touch nursing. What it can do is offer more scientific, accurate treatment, freeing you up for your personal care.

Army hospitals and medical centers are among the leaders in the use of high-tech instrumentation and methods. As a nurse you'll be encouraged to continue your education, to continue growing. As an Army Officer you'll be

a respected member of a topflight health care team. And never lose your personal touch.

For more information on Army Nursing, call:
