

The Voter's Guide to the 1989 CSUN Senate Elections

ARTS AND LETTERS

Jeffrey T. Geihs

I am a veteran senator and I would love to keep it that way. Last spring I sought the office of student body president, but my constituents and I were unable to complete this goal, even though there were people who ate, drank and slept the campaign. I hope those who put me to work for them retain me as their representation in the student body.

Jorge Gonzalez

I was born on Jan. 17, 1970. I was born in Cuba and immigrated to the United States in 1971. In college I have taken part in CSUN committees and I am currently working on a dual major in political science and criminal justice.

Stephen Sunki Hong

I was born in South Korea, and moved to the United States of America with my family in 1977. In 1985, I obtained my citizenship, and in that time. I have learned to respect the system of government of the US. In attending UNLV to better myself. I feel that being a CSUN senator is another way of helping the students and the university as an individual.

Ross Kurzer

Melanie Rosenberg

Melanie Rosenberg is currently a senator (she received more votes than any other candidate in the College of Arts and Letters). She has been a member of the Elections Board, and is currently vice chairman Student Health Advisory Committee, the By-Laws Committee, the Publications Board, Entertainment and Programming. She has attended the international Conference of Student Governments Association.

Traci Smith

I desire to be a senator for CSUN and the College of Arts and Letters because I have the training, experience and desire to be an effective mediator, communicator and representative for my fellow students here at UNLV. The students represent a tremendous asset and power at the university and, consequently, should have delegates who respect and protect that asset.

Carol Westermeier

I recently moved here from Chicago. While I am currently not involved in any organization once I have finished moving in, I plan to become more active. I realize that I have no previous experience I more than make up for in dedication and the amount of time I can devote to the CSUN Senate.

STUDENT DEVELOPMENT

Scott Bennett

I graduated from Carson City High School. While attending Carson High I was active in student government and was senior class president. I was also involved in SADD, helping and donating my time. I attended the Student Leadership Conference at UNR in the summer of 1986.

James C. Swank

At the present I serve on the CSUN senate representing the College of Student Development. I am also involved with Delta Sigma Phi. Obviously, my involvement in activities exudes my desire to be active in college and not just to be another face in the crowd.

COLLEGE OF HOTEL ADMINISTRATION

Roderick Colebrook

Julia Ramsey
I was born in Florence in 1969. I graduated from high school in Oregon in 1987 and went on to attend to UNLV that fall. I have been active in the Hotel Association for three years and have held a student board position for two years.

BUSINESS AND ECONOMICS

Bud Bennemen

Bud Bennemen is an economics and geology major. He has served as historian, house manager, treasurer, pledge trainer and president of Alpha Tau Omega. He is currently a senator, Inter-Fraternity Council President and a member of the Organizations Board.

One of Bennemen's goals is strong student involvement.

Michael Bunin

I graduated from Chaparral High School in 1988. During my years at Chaparral I was involved in Speech and Debate. In my two years of competition I placed in over 25 tournaments.

Politics is something that has always interested me, so I have decided to run for the Senate. I feel I would make a good representative for my college.

Kimberly Elliot

I am seeking reelection for the Senate in the College Of Business and Economics. As the Senate term draws to a close, I am the only remaining senator of the College of Business and Economics who was elected by the students in last year's elections. Besides my work with the CSUN student government, I am a mem-

ber of Alpha Delta Pi.

Tristram Harrington

Jonathan May

The student government is a tool that gets little recognition on this campus. If elected, I will bring my twenty-five years of experience in education to help make a difference at UNLV to benefit all of us, by bringing an active voice to student government.

Albert Tabola

Since attending UNLV I have made it a point of getting involved with the activities on the campus. I am serving currently in Tau Kappa Epsilon as an officer. I've been in such activities as cheer-leading and the orientation program.

Ken Tomory

Currently, I am a B & E senator and have had the fortunate experience of being appointed to the senate. Prior to my senate seat I was active on several campus committees and am still involved with them. I currently hold these offices: President of the Lesbian and Gay Academic Union, SHAC Publications Board and the Campus Committee on AIDS.

COLLEGE OF HEALTH SCIENCE

Brandi M. Hoffman

Brandy Hoffman graduated from Valley High School in 1986. She declared her major, nursing, in the spring of 1986. She was first elected to the senate in the fall of 1987. She founded the Student Health Advisory Committee in the spring of 1988, then becoming its first director. She recently completed a research opportunity at Oak Ridge National Laboratory in Tennessee. Hoffman is currently the director of SHAC.

COLLEGE OF MATH AND SCIENCE

Natalie A. Miloro

Although I was born in Buffalo, New York, my home has been in Las Vegas for fourteen of my eighteen years. During my years at high school, one could say that I was a part of the science department. Every class that was offered, I took. My main goal is to be a veterinarian.

My job is my life and although I have a long road ahead of me, when I become a vet it will have been well worth it.

ENGINEERING

Donald Corey

Upon graduating from Gates-Chili High School in 1983. I entered Monroe Community College in the fall of 1983. Earning my associates in science in Engineering Science in December of 1987. I returned to full-time work in January 1988 to earn enough money to attend the University of Nevada, Las Vegas in the fall of 1988.

Lisa M. Gaudio

I have been a part of student council all four years high school and would like to continue being part of student government. I feel my experience with student government will benefit the senate, the student bodyguard, as well as myself.

Paul S. Pratt

Except for six months, living in

Oregon (attending OSU) and four and half years in the army, I have been a Las Vegas resident since 1968. I am currently a senior in the Mechanical Engineering Department.

Daniel Prevo

I was born in March of 1964 in Pontiac, Michigan. After completion of high school I received an academic scholarship from Hope College in Michigan. After leaving the military, I returned to studying at Schoolcraft College in Livonia, Michigan for one year before deciding to become an element of the vastly growing UNLV.

Dave Spiller

COLLEGE OF EDUCATION

Kari Cozine

I have been a member of Alpha Delta Pi for four years and am currently serving as chapter president. Within CSUN I have been senator for the College of Education since the fall of 1987. I have served on the Curriculum Committee and as chairman of the KUNV Radio Board.

Kimberly Kershaw

Remember...

The elections are Wednesday and Thursday, October 4 & 5
