UNIVERSITY OF NEVADA SYSTEM COMPUTING SERVICES

POSITION: Analyst Programmer, located in Las Vegas, NV
BEGINNING DATE: September 1, 1990
STARTING SALARY: \$25,000 - \$36,000 (depending on experience)

JOB DESCRIPTION:

Under direct supervision is responsible for the maintenance of assigned programs. Responsibilities may include, but are not limited to: definition, design, programming and implementation of general and computer procedures, including input and output forms, reports, flow charts, documentation, and processing schedules; train users and other appropriate individuals on the use of Administrative Systems; other duties as assigned.

QUALIFICATIONS:

REQUIRES minimum of a Bachelor's degree in computer science or related field. REQUIRES minimum of two (2) years full time mainframe experience in administrative systems design and/or programming. REQUIRES excellent verbal and written communication skills. Preference will be given for experience in University administrative experience with American Management Systems software in the areas of student information systems, and financial accounting.

APPLICATIONS:

Applicants are to submit a letter of application, a resume and the name, address, and telephone number of at least three professional references to Barbara Vicks, UNS Computing Services, P.O. Box 9060, Reno, NV 89507. The letter should highlight applicant's experience in those areas for which it is stated that preference will be given. For additional information call Floyd Burnett at 702-784-4369. Applicants who fail to provide the letter, resume and reference information may be disqualified from the search process. APPLICANTS MUST BE RECEIVED IN THIS OFFICE ON OR BEFORE AUGUST 20, 1990.
