Great food - Smoke bellows from bar-b-que grills cooking hamburgers and hot dogs.

Changes made in parking fines

The Parking and Traffic Committee have made some changes and modifications to the current parking fine structure, to bring the fines in line with recent changes in the state law and address some issues which are currently not covered by a fine, yet are violations in the Parking and Traffic Regulations. With the revision of the parking fines, violations will be in line with the County, City of Las Vegas and State law. These revisions also address several violations currently in the Board of Regents Handbook which do not have a fine attached, and are therefore un-enforceable. Below is a schedule of the new fine structure.

Violations	Current Fines	New Fines
