***This is a challenge to them to make themselves known to their constituents!***

***It's the first step in "Students Serving Students."***

Leadership is what you make it. Whether it be as president of a Greek organization or secretary of a club . . . As a member of a political party or lobbyist for a cause . . . Or maybe a student in a rapidly growing and maturing university . . . Whatever the situation, again, the role is what you make it.
