

STEP ON IT WITH YOUR HEAD.

How is it that a country that imports almost half its oil can afford to waste it?

When a little thing like keeping the right pressure in our tires would save America over two million gallons of gas a day. Using lower octane fuels—two and a half million. And driving just five miles per hour slower would save still another two

million gallons. When solutions are this easy, there's no excuse good enough.

President Bush hopes you'll do your part, because when you think about it, it's not a lot to do for America.

DO YOUR PART. DRIVE SMART.
