shocks me are the reports that feminists are boycotting this movie because it is perceived as an "exploitive" movie about women.

Nothing could be further from the truth. There is no nudity, no gratuitous sex or violence, and Foster's character is a strong, competent woman. What the people boycotting this movie fail to realize is that violence against women is an all too real fact of life.

Both USA Today and the Las Vegas Review-Journal have reported that rape and attempted
