## Look Out for Mandatory Student Health Insurance!

PAUL STUHFF, Nevada Student Affairs Director

As part of a plan to cut costs per individual, mandatory student health insurance has been suggested. Student Government will mediate between the "pros" and "cons" of this insurance proposal.

If the proposal is passed, it would mean relatively cheap health care for students, and an increase in staff at the Student Health Center.

The proposal does not appeal to free choice and will mean an added financial burden for students who are otherwise insured.

The Nevada Student Affairs Department will debate the issues of the proposed insurance with Ray Rodriguez (Student Health Center) in an upcoming mailer.
