Something. I just want something I can never have. I still recall the taste of my tears. Echoing your voice

just like the ringing in my ears. My favorite dreams of you still wash ashore. Scraping through my head until I don't want to sleep anymore. You always were the one to show me how. Back then, I couldn't do the things that I can do now. This thing is slowly taking me apart. Grey would be the color if I had a heart. everywhere I look, you're all I see. Just a fading reminder of what I want to be. Sues, now Reznor. What a progression.

In navigating the shifting and drifting of my mind, I have landed on a reality that I need someone to help me pretend, unless I can wait long enough for someone else to help me remember. Don't try, and it will someday connect. Don't try, because there were never really any voices.
