Solutions from your Apple Campus Reseller:
The holiday gift you can really use.

Tell your folks that more college students choose Macintosh than any other computer. They'd want you to be in good company.

Ask for an Apple® Macintosh® computer this holiday season and join all of the students who've discovered that no matter what they do, Macintosh helps them do it better and faster. That's because Macintosh is so easy to use. And the thousands of available software applications work in a single, consistent way. So once you've learned one, you're well on your way to learning them all. The advantages of Macintosh don't end when school does. In fact, the majority of Fortune 1000 companies use Macintosh computers.* So ask your Apple Campus Reseller to help you choose which Macintosh to put at the top of your holiday gift list. Macintosh. It's more than a present, it's a future.
