WORK SMARTER. NOT HARDER.

We're working smarter,
too. So you don't have
to work harder.
For us, it means an ongoing
relationship with educators and
professors, striving to understand

And there are others. Like the
TI-68, an advanced scientific that
solves up to five simultaneous equa-
tions, performs complex numbers
and offers formula programming.

The BA II PLUS™ For business
students, this is the one to get. It
handles time-value-of-money and
offers cash flow analysis for internal
rate of return (IRR) and net present
value (NPV). Plus a whole lot more.

No matter what your major, no
matter what the course, there's a
TI scientific or business calculator
that's right for you. Do the smart
thing: make one of them a part
of your professional personality
now, and for the years to come.
You'll be on your way to working
smarter. Instead of harder.
Try the entire line of TI scientific
and business calculators at your
local TI retailer.

what's needed to help them make
math concepts come alive.
It means continually working
with students like you, discovering
firsthand what you expect from the
calculator you select.
The result? Calculators that
are highly recommended by your
teachers and peers. Calculators that
are perfectly matched to your major
and your coursework.
The TI-81 is a perfect example.
It offers the most comprehensive,
easy-to-use graphing features avail-
able with extensive programming
capabilities.
