

1993 Homecoming Candidates

Kristin Bourland
Senior
Hotel College
Hotel Association
Best Buddies of America
Sigma Kappa Sorority

"We're going with the idea that Homecoming was started and integrated into the university program as an event and festivity for faculty, students and Alumni, as well. It should be brought back to that. There's 20,000 students on this campus, and they need someone to represent them. I consider myself a good representative of the university. I'm a student ambassador, I belong to a sorority, Sigma Kappa, Student Alumni Association, and Hotel Association, and I think that's a pretty well-rounded UNLV student."

Jennifer Brozovich
Junior
Communications
Alpha Gamma Delta Sorority

"I'm a student ambassador, and a student orientation leader, and I'm in the Order of Omega honor society. I'm very active on campus, and I'm very serious about scholarship. I think that a lot of people say that UNLV doesn't have a very active student life, but I think that it's a matter of you making the effort to get involved. I'm very proud of UNLV, and I love to go to school here."

Nicole Lucas
Senior
Communications
Independent

"I'm a big part of UNLV-TV, and I'm a part of the news program there. I'm also the co-host of Rebelvision. I'm running because the independents are the biggest part of UNLV and they need to be represented. Marcy, last year, really made a step forward by being an independent and winning. I want to do as much as I can with my remaining time here."

P.J. Dahling
Senior
Lambda Chi Alpha Fraternity

"It's good recognition for my fraternity. I want to be a representative of the student body and relate to other students. I've been active in the Greek life and the campus life."

Tom Evans
Senior
Communications
Kappa Sigma Fraternity

"It's a fun thing to do. Kappa Sigma thought I'd be a good candidate, so I ran. I'm active in sports, as much as I can play. I especially like golf and basketball. I hope people vote for me because of what I've done over the past four years, not for kissing someone's butt in two weeks."

Kevin Futch
Senior
Engineering
American Society of Civil Engineers
Institute of Transportation Engineers

"I feel that I'm just the typical engineering student. Engineering students usually don't get involved in the other side of campus. Homecoming's an opportunity for someone to represent the school, and so I think it'd be great to have an engineering student represent the school."

Jerry Lloyd
Senior
Business Management
Tau Kappa Epsilon Fraternity
Hotel Association
Best Buddies of America

"As for homecoming royalty, in the future, I'd like to see them have more responsibility. Because you're representing the students and the school, you should do something outside in the community. Right now, I'm a pledge educator for our fraternity, and I'm a supervisor for intramural referees."

1993 SENATE CANDIDATES

Wesley Allison
Senior
Education

"I ran because I didn't think there was enough thought being put into the way Student Government is spending its money."

Steve Amend
Sophomore
Health Sciences

"One of the big things I'd like to see is just money control. I'd like to see that everything that we're spending money on is something we need to spend money on."

Shawna Campbell
Sophomore
Liberal Arts

"I'm currently enrolled full-time, so I'm on campus a lot. I listen to the students. I think there should be more of a communication between the paper and the Student Senate."

Allan Kandcer
Junior
Health Sciences

"I think that I represent my constituents well. I try to get them as much information as I can. I try to stay on top of issues, especially issues that

concern health science majors. I'm the senate representative to the organizations board, which represents a large number of organizations on campus."

John Joseph Laxague
Freshman
Business and Economics

"I'd like to see better parking enforcement on campus. From what I've heard they've been using harsh tactics in ticketing students."

Carol Linton
Junior
Liberal Arts

"I'm also currently on the CSUN Student Services Committee. My main objective, if elected senator, is I'd like to bring about a grievance hotline. We need to know what's on your mind and what's bugging you"

Paul Mangual
Junior
Education

"I've been here (in the Senate) for six months, so I've got a pretty good idea what's going on. Currently I'm the only Senator from my college, and there seems to be a lot of apathy. I'd like to see more involvement."

Stephen Huck
Student Development
Freshman

"I'm president of second floor, Kitty Rodman Hall. Also, I'm starting a new fraternity on campus, Sigma Alpha Mu. I graduated from high school in Oregon and play soccer, and I plan on joining the Ski Club."

Christopher Myers
Junior
College of
Science and Mathematics

"If you want something done, get someone who's busy. I'm goal-oriented and I accomplish things. My main goal over the past few years has been academic success, which I have achieved. I'd like to see fiscal restraint in the Student Government. I don't like the idea of buying a lot of free beer for the students."

John Pida
Sophomore
Human Performance
and Development

"If you have an opinion, and you have a logical way of thinking, there's nothing that's beyond your capabilities as a senator."

Benton Racel
Senior
Engineering

"I think that I've been on this campus long enough to realize how Student Government works, and I think that I can represent my college well. I'd like to see more student parking closer to the buildings, and I'd like to see the engineering building open later in the evenings."

Mercedes Renteria
Senior
Liberal Arts

"I've been involved in student government for a number of years. At our junior college, I was our president pro tempore. Then I was the president of the student body the following year. Then I was involved in Texas State Student Association at a state level. So, I've been politically active over the past five or six years."

Sean Roach
Senior
Communications

"I've worked with the government locally for quite sometime outside this school. I know the interworkings that happen on campus, and I know some changes that need to be done. For instance, I think that our Entertainment and Programming Board, they bring a lot of events, but they lose a lot of money."

Karl Ross
Senior
Student Development

"As for Student Government, it intrigues me—I've never tried it before. I'm new, I just transferred (from Southern Utah University at Cedar City) to UNLV and I just wanted to get involved."

Penn (Tom) Tay
Sophomore
Business and Economics

"If there's something you can bring out to the students, it would be really nice if you could mention a student caucus. I'd also like to see a student regent. I would like it if the Student Government would produce a time capsule as a

project."

David Turner
Sophomore
Student Development

"I have demonstrated leadership ability at UNLV, last year I was the most active senator, bringing five pieces of legislation. I enjoyed helping the Kostman administration fight the tuition fight, and I stand up against the IAC (Intercollegiate Athletic Council). The more a student government stays dormant and quiet, the less of a voice students have as a whole."

Walter Vodrazka
Senior
Civil Engineering

"I'm running to stay active in Student Government; a lot of students come to me to find out what's going on and why it is happening. I should be on the Senate to try to get what they want done. I'm in ASCE, ITE, SWE, and in Tau Beta Lambda."

James Yohe
Junior
Business and Economics

"I feel I'm qualified because I've got a year-and-a-half worth of experience. I've worked on everything from a tuition drive to cooking hamburgers at a tailgate party, to being chairman and vice chairman of committees on the Senate. I think I've got a very good understanding of the Constitution."
