FRANKLY MY DEAR, I'D RATHER BE LISTENING TO **91.5 FM.**

Around My Head in Thirty Minutes...

Auditions for the **Fall 94 One Act Play Festival** will be held this Friday from 1 to 4 p.m. and 7 to 11 p.m. in the Paul C. Harris Theatre at UNLV. The three plays will open on October 26th. Those wishing to audition need to sign up in the theater lobby at time of the audition. No preparation required, it is on a first come, first serve basis.

Across town that same night, **Perturbed** (Texas Chris's band) and **Tomorrow's Gone** (Lance worked well as new front man for TG), two bands also composed of UNLV students, were headliners at **The Huntridge**. **No Consent** from California stole the show. In the audience were representatives from major labels (we won't say who, so don't call and ask) who are excited (financially) about the proliferation and growth of the Vegas rock scene this year.

Kurt Cobain is still dead.

Need culture in your life? **The Mikado** opens September 29th at UNLV so get your tickets now.

Mudslide, a local band composed of UNLV students, was unjustly kicked off of the stage before they could finish their set this past Friday at the "Ban This Show" at **Fat Tuesdays**. They were replaced on stage by aging rockers **C.M.P.**

The **Beastie Boys** video release date has been set back another week. Rumor has it that a video produced by a UNLV student has been considered for addition to the 17 track release. The student reportedly has been pestering a member of the B.B. management with threats of unlimited pizza deliveries to his L.A. mansion if his video isn't added.

Sorry we couldn't think of any good **Michael Jackson** jokes this week.

Jay Leno is in town all week doing the "Tonight Show" at the **MGM**. NBC hopes a week in Vegas will boost his sagging ratings.

Bored? Fans of **Nine Inch Nails** were seen camping out in front of **Tower Records** waiting for tickets to go on sale Saturday for the upcoming **Thomas & Mack Center** show with **Jim Rose** this October.

Green Day is coming back to Vegas, only this time to the **T&M**. **KUNV DJ Bazooka Joe** will probably be exploiting his friendship with the band to the fullest by promising back stage passes to every girl he knows.

More **Casino** news. The critics are wondering can the great director **Martin Scorsese** make a good movie with **Sharon Stone** in it?

The **UNLV Film Society** meets this Sunday at 7 p.m. downstairs in the **MSU**. Only two more weeks to join.

The film **Red Rock West** starring **Dennis Hopper** (Hopper shines in this film) voted one of the best American films of '94 by **Siskel and Ebert** starts its limited run at **Mountain View Cinemas** this Friday.

Coming to town... **Fleetwood Mac** (without **Stevie Nicks**), **Gashuffer**, **The Dickies**, **The Organ Grinders**, **The Specials** (without **Terry Hall**), **Hole** and **The Cramps** (just in time for Halloween).

Coming to your favorite record store... new **Slayer** (finally), **Frank Sinatra**, **AC/DC** (remasters of their old albums), **Fifteen**, **The Reform**, **Pavoratti**, **Dinosaur Jr.** and **Lucious Jackson**.

THIS YEAR A LOT OF COLLEGE SENIORS WILL BE GRADUATING INTO DEBT.

Under the Army's Loan Repayment program, you could get out from under with a three-year enlistment.

Each year you serve on active duty reduces your indebtedness by one-third or \$1,500, whichever amount is greater, up to a \$55,000 limit. The offer applies to Perkins Loans, Stafford Loans, and certain other federally insured loans, which are not in default. And debt relief is just one of the many benefits you'll earn from the Army. Ask your Army Recruiter.
