

There is this to be said for the
AIR ESCAPE® III OUTDOOR SHOE:

Were all wheels, wings, pogo sticks,
and other forms of locomotion

thankfully abolished,
there would still be

a desirable alternative
to running around barefoot.

There's also something to be said

for water-discouraging gusseted tongues,
waterproof leather,

and a waterproof seal
to keep out the damp stuff.

Like water.

ACG means all conditions gear.
