Ackerman urged students to get involved in improving campuslighting. "Rather than just complain to friends it is helpful if you report it so the problem can be fixed.'

Students can report burned out light bulbs or problems with emergency phones, as well as areas that may need more lighting, to Public Safety at ext. 3668.

Tolbert was. "I'm just upset that somebody who hasn't been involved in the (communications) department has the position. I don't feel we (Greenspun students) have proper representation," Alexander said.

Katheryn Schiele, also a communications major and the other losing candidate. agreed with Alexander's complaints about Tolbert's appointment.

Schiele's primary concern lies with the fact that Tolbert added communications as a dual major the Friday preceding the Monday Senate meeting at which he was appointed.

Executive Director of the Greenspun School of Communication Gary Kreps said in the Nov. 15 issue of The Rebel Yell he does not support Tolbert as the representative of the Greenspun School. "This (Tolbert's addition of communications as a major) is obviously a recent occurence and not a long-standing one," Kreps said.

"I have nothing against him as an individual, but I would like to have somebody representing the interest of the (Greenspun) school who has been a long-time, active and involved participant in all areas of school activities and I Friday, Nov. 17 8:45 p.m. TMC parking.

don't think he's a good example of that," Kreps added. "I do think there is a lot of student unhappiness and I suspect that they may do something.'

Several students in the Greenspun School have expressed concern regarding Tolbert's ability to effectively represent the communication department.

"I can see why people would be upset," said Kendra Hodapp, a senior majoring in communications. "Someone within our own school should be representing us.

"You've got to look beyond the technicalities (Tolbert's fulfillment of the communications pre-major requirements) and look toward students who have made more of a contribution to our school," Hodapp A States said.

Former communication Senator Terry Morrow said, "Objectively, he didn't do anything wrong. Subjectively, I don't think it's right. I don't think he's serving his college if he's not taking (communications) classes.

"If he's going to represent the communication department, and if he's going to be taking (communications) classes, then it's fine," Morrow continued.

"I just wonder how he's going to reach communications students. That's my only concern," Morrow said.
