## Swiss Scientists Discover New Energy Product

Lugano, Switzerland—After 25 years of research Lightning 828 was developed with the help of Swiss Laboratories. After extensive testing with amazing results, Lightning 828 is now available in the United States. Scientists are amazed at Lightning 828's results on improved memory, attitude and athletic performance.

In a double blind cross-over trial on university students in Italy, Lightning 828 was given twice daily for 12 weeks. The results were astonishing. Students obtained higher scores in math, logic and physical education.

This new discovery has been a wind-fall for working and active people that seem to run short of energy around mid-afternoon and need a little extra lift. Lightning 828 when taken in the morning gives a sustained, balanced form of energy throughout the day.

During an interview in Chicago, a beautician stated, "I used to go home exhausted after being on my feet all day. Now it's just incredible. I go home with extra energy and really enjoy my family more." Lightning 828 is a necessary boost for students, professionals and senior citizens.

Look for a trial size of Lightning 828 at your local convenience store and 60 count bottles in most Kmart pharmacies including:
