

Levy Heads LV March Of Dimes

HARRY
Prominent super market operator and former city commissioner Harry Levy has been appointed general chairman for the 1966 March of Dimes campaign against birth defects in Clark County.
In accepting the appointment from Virginia Zobrist, Clark

County chapter chairman of the March of Dimes, Levy said: "There is nothing more important than making sure every baby born in this county has the best chance to develop into a normal, healthy person. That is why I am working to see that we have a successful fund drive here this January."
Levy is the father of two and grandfather of seven.
"The shocking fact that the nation's recent German measles epidemic will be responsible for between 15,000 and 20,000 birth defect babies this year should serve to emphasize the seriousness of birth defect problems," he said.

Levy, chairman of the Clark County Juvenile Probation Board since 1950, is also vice chairman of the Las Vegas Housing Authority, serves on the board of directors of the National Housing Commission, the Southwest Regional Advisory Board of Anti-Defamation League and the Governor's Committee for Employment of the Handicapped.

He cited the fact that an estimated 250,000 American babies are born each year with some type of birth defect. "We must provide funds for research to solve this most serious medical problem," he said.
