Jewish Vote Constantly Heavy, Neither Demo. Nor Repub.,

SWINGS WITH ISSUES

'FROM THE HEART'
of
Jack Entratter
President
Temple Beth Sholom

Each year, as the High Holidays approach, Jewish people everywhere are reminded of their Jewish heritage and their hearts turn to the Synagogue, re-kindling the flame which burns eternally within each of us.

I, therefore, want to appoint each and every member of our Temple family to act as a committee of one to see that non-member relatives and friends become affiliated as of September 1, 1966, our Temple's fiscal year. Each

Jewish family must be taught to understand the value of belonging and being a part of the Jewish Community. You be the teacher! Each new member adds to the stature and dignity of our Temple, and strengthens the ties which bind us together, helping to perpetuate the ideals and traditions of our heritage to our children and grandchildren.

Remember... High Holiday tickets are now available at the Temple and registration is now going on for our Religious Schools.

Letter from Marshall

Aug. 5, 1966

Dear Sir:

Your article on my candidacy for the Governorship of Nevada, as printed on August 5, 1966, is the most damnable set of lies and misrepresentations about me which I have ever seen printed anywhere -- including the four year smear campaign which has been conducted against me by the Las Vegas Sun.

It is most painful and grievous to me to see you print this pack of lies and distorted half-truths since you have always professed to be a friend to me and I have always until now valued your friendship. Please consider that friendship at an end. I desire to have nothing further to do with an irresponsible brand of journalism that could devise such a shameless political smear.

For the record I hope you will make it clear to your readers that I deny completely and without reservation your statements to the effect that I have made commitments to the John Birch Society or to Birch Society members and that such persons are already working hard in my behalf. I have never told you or any other person such a thing because it is patently false and everyone familiar with my candidacy knows it.

In your mention of Rabbi Gold's speech to my Mormon

TELL TALES

"One Man Plus The Truth
Constitutes A Majority"

BY JACK TELL

We unqualifiedly grant full permission for any newspaper in America to reprint all or part of this information. We want as many citizens as possible to know the strength and importance of the Jewish vote. There are no strings attached. It is not obligatory to give credit to the Israelite.

At the conclusion of last week's column discussing the fluctuating momentum of the Jewish vote, we were at the point of distinguishing preconditions that influence a voter's opinion about a candidate and an issue.

"Too often," we said, "the individual voter knows more about the issue he is interested in, than the men who seek his vote."

If candidates don't think this perspective is too important, political analysts have determined that 30% more votes are cast each election from persons who are interested in issues, than all others.

It is ridiculous for candidates to ask voters to trust

Renounce Birch Support

Candidates for any office, regardless of party affiliation, who do not welcome and accept support of the John Birch Society, are invited to go on public record in this space with a clear cut, unqualified statement of repudiation of the secret society, whose leaders are the vilest anti-Semites in America.

U.N. VOTES FOR ISRAEL
