'FROM THE HEART'

of

President

Temple Beth Sholom

I am grateful that 1966 was a banner year for Temple membership. As I promised in an earlier column, I am happy to report to you that our membership roster, as of December 31, 1966, totaled 538. This indicates a step in the right direction, just as our increased school registration does. But I must caution you that this amount represents only a portion of the Jewish families in our city, and should make us cognizant more than ever that much work remains to be done if

we are to bring our membership to where it should be -- 1000 members!

It calls for dedicated effort on the part of every member of the Temple. Each one of us has a relative or a friend who should belong but doesn't. We must therefore make membership acquisition a daily task. I feel certain that every day most of us come in contact with people of our faith who for some mysterious reason won't come forward on their own to join the Temple. They need only an expression of interest and friendship on our part to show them the way.

Temple Beth Sholom is the only institution of its kind in the city of Las Vegas. How wonderful it would be if ALL Jewish families were affiliated. This is undoubtedly an utopian dream. But nevertheless, it must be our goal to get every one to understand what it means to belong. If it takes a "selling" job, then we must not be found wanting. We must be ready and willing to do whatever we can to get all our people to support and maintain our House of Worship, our House of Assembly and most important of all, our House of Learning. I feel very strongly about the importance of perpetuating our great heritage to the coming generations. Our Religious School continues to grow in quantity and quality. It is great to have the children come to learn, but it is frightening to think of the hundreds of families and hundreds of children who are not yet affiliated and keep themselves estranged from their people.

Nineteen Sixty Seven is now well under way. Let's work for another banner year of membership. Our growth must be steady and sure, and I have the feeling we can do the job together. Join me in a daily campaign to get Jewish families to affiliate and support our Temple and Religious School.

JUDGE MOWBRAY

John Code Mowbray has been a man of justice, always administering the enforcement of the laws of the State of Nevada, continually working for the betterment of these laws and for a better relation between the courts and the citizens of the state.

Born September 20, 1918 in Bradford, Illinois, John Mowbray received a good solid foundation through the efforts of his parents, Thomas J. and Ellen Code Mowbray. His elementary education was obtained at St. John's Grammar School and he was graduated from Bradford Public High School.

Mowbray worked his way through Illinois University and.

MEMO FOR SOVIET JEWS

LONDON (WNS) When Soviet Premier Alexei N. Kosygin returns to his native land he will undoubtedly regard the unprecedented pleas from British Jewry and the British public at large in behalf of Soviet Jews, as one of the impressive aspects of his visit.

A memorandum urging the

Soviet leader to implement his pledge to permit Jews to leave the Soviet Union to be reunited with their families, to give Soviet Jews Jewish education facilities and to permit them to establish a central religious body similar to those which exist for other religious gr-

Meet a Real Guy

by Jack Tell

One of the first instructions to his deputies issued by Clark County George Franklin on taking office last month is to seek justice before prosecution.

Deputy District Attorney Addeciar D. Guy, whose assignments are preliminary hearings in Justice Court for those charged with a crime will extend as much effort to free a man he believes innocent as he will to prosecute one, where circumstances show guilt.

Guy, a holdover from D.A. Ted Marshall's regime where he served as special investigator, was admitted to the Bar of Nevada in Dec. 1966. He is the fourth Negro licensed to practice in this state. A fairly newcomer to Las Vegas, from Chicago, where he was born and raised, he not only brought with

him an outstanding record of achievement, but is continuing to pile up credits in community affairs.

In addition to being a member of the Executive Council of a Cub Scout Pack, and serving on the Mayor's So. Nev. Committee on Human Relationship, Addeciar was recently elected Judge Advocate of Las Vegas Chapter of Reserve Officers Assn. He also appeared on programs supporting the objectives of National Council of

Hadassah Hears Threat Of Neo-Nazism

NEW YORK (WNS) American labor, industry, educators, journalists and all people of liberal persuasion should mount an all-out campaign to help "liberal forces in West Germany to curb a threatening nationalism which has become synonymous with neo-Nazism," a nationally known Jewish leader told a meeting of the Hadassah.

Dr. Joachim Prinz, chairman of the Conference of Presidents of Major Ameri-
