and Al Freeman, Sands Hotel publicity director, with Mrs. Freeman.

Entratter, one of the best known show producers in the world, is senior vice president of the Sands. He had been a widower for the past six years. It was Miss Cole's first marriage.

The couple met four years ago in Hollywood. The bride recently completed a movie, "The Party" with Jack Sellers, which will be released shortly. She is now working on another film.

Entratter commenced writing a column for the Israelite during his fifth term as president of Temple Beth Sholom. He has received fan mail from many of the 2,000 rabbis who receive the paper all over the world. His efforts as a Jewish leader in Las Vegas, have no peer in all the years he has been active with our Temple.

The marriage, expected by many for some time, was spur-of-the-moment, or thousands would have attended the wedding.

Last year, Entratter was

WASHINGTON (WNS) Imprisoned Jews in Egypt have been placed in concentration camps where they are being guarded by former Nazis who treat them brutally, according to information reaching here from East European elements who recently returned from Cairo.

When the Arab-Israel war broke out last year, the police in Egypt rounded up virtually all Jews and sent them off to concentration camps, where many of them are still being held. The order to place Nazi guards in

the camps came directly from President Nasser, who allegedly had high regard for the "investigative" capacities of former SS and Gestapo men. However, the Nazis in the camps posed as Egyptians.

Jewish organizations in the United States and abroad have made representations to the United Nations and other international instances on behalf of the Jews in the Arab lands including Syria and Iraq, but without any success.

BOMBS AT ESHKOL'S HOME

JERUSALEM (WNS) Three grenades were found near the home of Premier Levi Eshkol, it was disclosed here by police officials who said they were hunting the perpetrators, believed to be Arab terrorists.

The grenades were found to be of old vintage and incapable of exploding.

Discovery of the bombs was made by a young man who became suspicious of a nylon bag he saw near the Premier's house and called in the police and army officials who immediately began questioning neighbors whether they had seen suspicious people in the area in the evening. Some said they saw such people and a youth said he saw three men running from the scene. The police said the grenades were far enough from the Premier's home not to have done any damage even if they had exploded.

The incident served to focus attention anew on the activities of Arab saboteurs and terrorists and how to effectively handle the problem.

Meanwhile it has been disclosed that thirty El Fatah terrorists said to be involved in recent acts of sabotage designated as honored guest at Bonds for Israel dinner, where he was awarded the highest distinction accorded a civilian by the Israeli government.

The bride wore a gray suit and white hat, Jack was dressed in his customary black suit. They will reside in the Entratter Las Vegas home.

Naturally, we wish them the best of the best.

botage have been placed under arrest. The thirty are believed to have been involved in the bombing of a home in the settlement of Moshe-Ometz, where a three-year-old Jewish girl was killed. The group is also suspected of having destroyed a food-storing factory in kibbutz Maanim.

Reds Step Up Anti-Semitism

LONDON (WNS) A loud, harsh campaign against Israeli aggression, with undercurrents of anti-Semitism, is being conducted throughout the Soviet Union at public meetings, in the press and other media of communications, according to reports reaching here.

At some of the public meetings, particularly in southern Russia, in the Soviet Asiatic and the Baltic republics, accusations were made that Israel was "cooperating with the Nazis," a line of propaganda that is seen conducive to the generation of anti-Semitism everywhere since the press gives prominent coverage to the meetings and what is said at them.

One propagandist is quoted as having told his audience that "German militarists" were studying the Sinai campaign with help from Israel in the expectation of using those tactics when the occasion arises. In addition, the propagandists are telling Russian listeners that Jews in Israel are practicing "Nazi race discrimination against Sephardic Jews."

Holy Days Spur Bond Drive

A heightened effort to aid the post-war recovery and economic advancement of Israel will be undertaken during the forthcoming Jewish High Holidays, it was announced today by Hank Greenspan and Justice David Zenoff, Chairman of the Las Vegas Israel Bond Committee.

The High Holidays which begin with Rosh Hashanah (New Year) on Thursday and Friday, October 5th and 6th, usher in the Hebrew Year of 5728 and Yom Kippur (Day of Atonement,) on Saturday, October 14th.

The appeals for continued

support of the Bonds for Israel program are part of a worldwide campaign to attain an unprecedented level of Bond sales to finance vital development projects which are interrupted by the Arab-Israeli War last June.

A communitywide dinner on Sunday evening, October 29th, at the Caesar's Palace, honoring J. Kell Houssels, Sr., and J. Kell Houssels, Jr., will highlight the annual drive in this city. Father and son will be tendered a special award by the State of Israel, citing each for "service rendered in advancing
