

RUSSIAN JEWS DEFY BIAS JAM TEMPLES

LONDON (WNS) Thousands of Jews jammed the two synagogues in Moscow and Jewish houses of worship in other large cities in the Soviet Union, according to reports reaching here from the Soviet capital.

The two synagogues in Moscow were overcrowded with worshippers on both days, many of them following the services from adjacent yards and streets. Many of the worshippers were young people.

Marring the holiday for Soviet Jews was a bitter, anti-Semitic attack on Israel and American Jewry by the Communist youth paper in Moscow on the very eve of the holiday. The fact that the newspaper devoted a half page to the attack was seen here in Jewish circles as an indication of Soviet determination to terrorize the Jewish populace.

Among the "highlights" of the charges was the incredible "fact" that 70% of all American lawyers are Zionists, that 69% of the American physicists, including those who work on secret weapons of destruction, are Jews, that 43% of America's industrialists are Zionists, that 80% of all local and international information agencies are owned by the supporters of Zionism among American Jews, that 56% of the expenses of all American groups "serve the interests of Zionism," and that America has between

20 and 25 million Jewish and non-Jewish Zionists. The publication cited these "facts" by way of proving that the Zionists control the United States. In addition,

the publication charged that Zionists collaborated with the Nazis in World War II and that Zionism is part and parcel of the American "political octopus."
