out myself to some of the soldiers. They will be most welcome by all G.I.'s here as they are also excellent information on what's happening in Vegas.

I will join the Marines up north in a few days to entertain on the field again. I am getting all my gear ready. They have had some tough luck up there and I know a few good laughs will not hurt the boys. I sure miss the family and it already seems ages since I have been home, but I will return for the Christmas holidays so that really isn't far away.

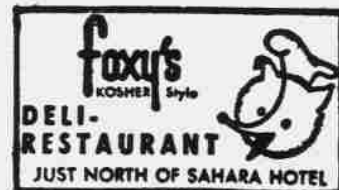

Saigon is brimming with activity and the Buddhists are still very restless it seems we have yet to win the populace here if we are to eventually win this war. It looks

like a long one to me as there doesn't seem to be an answer or a solution.

Anyway I hope all is well with you, keep up the good work on the paper and I will get info off to you from time to time.

Please give my best to Mrs. Tell.
Warmest Personal Regards,
Randy Crane
