

JERUSALEM (WNS) What is the West Wall? Is it a holy place or a historical site? Knesset currently is grappling with the problem in the light of unanticipated developments. When a noted Israeli archaeologist recently requested permission for an excavation team to search for antiquity in the area of what has been known formerly as the Wailing Wall, he encountered opposition from Orthodox elements, including the Chief Rabbinate, on the ground that the excavators might discover and enter the site of the Holy Temple which none but the High Priests were permitted to enter under Biblical injunction. The Orthodox were later overruled by the Ministry of Interior, which limited the area of excavation, but Orthodox opposition persisted. Now the matter is in the hands of Knesset, whose internal affairs committee has visited the area with a view to making a determination that is sure to arouse controversy whichever way it goes.

NEW YORK: The Joint Distribution Committee will increase expenditures for its Malben program in Israel by more than \$857,000 this year.

WASHINGTON (WNS) President Johnson, on receiving Israel's new Ambassador to the United States, Major Gen. Yitzhak Rabin, said he was deeply concerned at the continuing tension and repeated conflicts between Israel and its neighbors.
