ISRAELI PARADE

(Continued on Page 1)

North of Jericho in the west bank area nineteen terrorists were killed in a skirmish with an Israeli patrol. One Arab was reported captured. The Arabs carried explosives, dynamite stick and documents identifying them as members of the terrorist El Fatah movement. Two Israeli soldiers were wounded in the encounter.

At the same time Jordanian troops were reported to have fired at Israeli units in the Beisan and Jordan valleys.

Earlier, Minister of Defense Moshe Dayan warned Jordan that if its "war of terror" against Israel is not abated it must face the reality that the battles will be fought on its own soil. "If Jordan wants to become the sword of the Arab countries," he added, it "will have to pay for it."

BORDER CLASHES

TEL AVIV (WNS) A Jordanian complaint that Israel was using commando forces to attack Arab guerrillas in Jordan has met a wall of silence in official Israeli circles.

The complaint was made by Jordan in reports from Amman that its troops had driven off a contingent of Israeli soldiers who were trying to cross into Jordan in a nocturnal operation. Some weeks ago, Israel's Chief of Staff said a wide range of new tactics would have to be employed against terrorist infiltrators.

At the same time it was disclosed by military spokesmen here that three saboteurs were killed and three captured in a fierce gun battle with an Israeli patrol in the Beisan region of the Jordan.

TEL AVIV (WNS) Two Israelis were injured in an explosion in the center of the city. In addition, Jordanians fired at Israeli settlements and military positions in the Beisan valley. Another duel was reported near Neveh Urr. Two Israelis, one a soldier and another a woman settler in Yardena, were injured.

ISRAELI UN LEADER SAYS ARABS "ACTIVE"

ISRAELITE ADS PAY

UNITED NATIONS, NY. (WNS) The Arab states are conducting "active warfare" against Israel, Ambassador Yosef Tekoah, head of the Israeli delegation to the U. N. charged in a letter to Security Council president Yakov Malik of the Soviet

Union. Ambassador Tekoah predicted his charge on the contention that the Arabs now were merely using different military tactics, terror and sabotage.

The Arab states, Mr. Tekoah pointed out, admit to

political and military operations against Israel and stand committed to the support, encouragement and continuation of these operations in violation of international law and the United National Charter, adding that the "Arab governments have as-

signed units of their regular armies to participate in operations of terrorism and sabotage."

Concluding his letter, the Israeli diplomat warned that "continuation of active warfare against Israel by the Arab states is the gravest problem in the Middle East conflict, particularly in view" of their "avowed aim to bring about Israel's destruction."

In Israel, where the soundings of the special U.N. envoy Dr. Gunnar Jarring have received a degree of receptivity totally lacking in the Arab countries, it is believed that Cairo now is the chief obstacle to a Middle East settlement by its unbending opposition to a confrontation with Israel even under U.N. auspices.
