### Misconception. Disgraceful

By Dr. Samuel Silver

#### MISCONCEPTION

There's a misconception flying around that ought to be grounded.

It's the widely mounted charge that some people sympathetic to Israel are hawks on the Mideast and doves on Vietnam.

The story goes that many a person who objects to American policies in Vietnam contradicts himself as he yearns for American involvement on the side of Israel.

A number of columnists have laughed at this "paradox lost" and White House "spokesman" have also subjected the dove-dawks to ridicule.

Well, the truth is that many people who have spoken against escalation in Vietnam and who were disappointed by the icy neutrality of the U.S. on Israel are perfectly consistent.

In both cases these people deplore violence. They are against Communism in Asia, but they believe that opposition to it does not require bombing.

#### DISGRACEFUL

Isn't it disgraceful that the United Nations should be a forum for such crackpottery as that which has been spewed forth by the spokesman of Saudi Arabia?

Who is that unspeakable, despicable man, anyhow? By what right does he come to the Security Council and spout those rambling tirades?

And why is he allowed to go on, unchecked, for so long? People who view that venomous man should remember that he is from Saudi Arabia.

He talks about the Arab peoples, but his government buys and sells them. Slavery flourishes in his benighted nation.

He talks about religion, but the regime of Saudi Arabia is a chronic and constant nullifier of religion, as squalor and degradation and serfdom are the daily lot of its inhabitants.

He rants about freedom, but it is his nation which refused to permit Jewish men who were Americans to tread upon its soil.

He prates about religion, but his oily masters are interested only in the gratification of their own desires, living in luxury at the expense of the masses.

This clown is obnoxious. What a pity that valuable television time, valuable UN time, valuable viewers' time, should be squandered in such a disgraceful manner.

NEW YORK -- A training tape and a handbook of printed music covering the evening and morning services for the Sabbath, produced for the Commission on Jewish Chaplaincy of the National Jewish Welfare Board and now widely distributed among chaplains, are important additions to the year-round religious, cultural and morale materials provided for Jews in the U.S. Armed Forces and their dependents.

The Joint Distribution Committee will provide \$2,250,000 during 1968 toward the overseas vocational training program of ORT, the Organization for Rehabilitation through Training, it was announced by officials of both organizations. This is \$150,000 more than the amount allocated in 1967.

LONDON (WNS) Deep concern over the situation of the Jewish communities in the Arab countries was voiced here by the British Government in a statement to Parliament.
