JUSTICE MOWBRAY

William T. Gossett, president-elect of the American Bar Association, has announced that the ABA has appointed Justice John Mowbray of Nevada to the Associate and Advisory Committee of the ABA on legal aid and indigent defendants. The appointment is for a one-year term commencing August 1968 and ending with the adjournment of the ABA annual convention in 1969.

Justice Mowbray's National appointment is a result of his work in establishing the public defender system of Clark County, Nevada, several years ago, which has been cited by the Ford Foundation, who funded the project with a grant of \$197,000, as the most outstanding in the entire country.

**WHO ME?**

STUTTGART (WNS) Edgar Enge, a sixty-three-year-old former SS Corporal, was convicted here by a jury on charges of complicity in the mass murder of some 6,000 Yugoslavian Jews near the city of Belgrade, but he walked out a free man to the astonishment of the prosecution, court spectators and his own lawyers.

On freeing the defendant, the judge said Enge was merely obeying superior orders.

**GIVE ISRAEL PLANES**

WASHINGTON (WNS) A press association report from Jerusalem that Soviet pilots were flying for the Egyptian Air Force was termed here by State Department officials as a maneuver to pressure the U. S. into approving the sale to Israel of 50 Phantom jets it is seeking.

According to the report from Jerusalem, said to be based on alleged information from Israeli intelligence sources, the Soviet Union has poured \$1.5 billion worth of arms into Egypt and was providing Egypt with as many as 100 pilots who are flying extensive air patrols throughout the Middle East. The plane ratio between Israel and Egypt now, the report said, is four to one as against a ratio of one to three before the Six Day War. The officials of the State Department insisted on anonymity.

**ARAB JITTERS**

TEL AVIV (WNS) Claims

by Jordan that Israeli infiltrators were daily crossing the cease-fire line were ridiculed by informed sources here at evidence of a case of severe nerves on the part of Amman.

One source called the claim pure fantasy and an attempt to cover up the fact that Jordanians manning border positions in recent weeks were extremely nervous and trigger-happy, firing blindly in all directions without a specific target.

**POLISH TIRADES**

LONDON (WNS) A new and uglier wrinkle has been added by the Polish press to its recent tirades against "Zionists," a euphemism for Jews.

The latest calumny, by

the government sponsored "Sztandar Mlodych," was to the effect that "Palestine Arabs today have to wear special badges, such as the Nazis ordered the Jewish population to wear in Germany."

At the same time, reports from Warsaw indicate that Polish authorities were refusing to issue visas to foreign journalists suspected of being Israelis or "Zionists."

**AWAIT MOSCOW RABBI**

NEW YORK (WNS) Chief Rabbi Yehudah Leib Levin of Moscow, has been advised by a group of Jewish leaders that major American Jewish organizations were prepared to meet with him on his forthcoming visit.
