Don't believe too many of our readers are aware that "Monica" the doll who is appearing at the Tropicana Hotel, Blue Room, is the daughter of Connie and Syd Myers, long time residents of Las Vegas. Monica also shares the spotlight with Charlie Shaffer also of Las Vegas. Good luck and may your performance be the start of a beautiful and successful career.

Jack recently spoke to the above groups and was so convincing they can hardly wait to do their share for the less unfortunate children to give them a better start in life. Happy to report that Milton Sommers, brother of Vi Kaufman, capable room reservation Mgr. at the Dunes is home from the hospital and doing nicely after surgery.

I thoroughly enjoyed what Gordy Fink had to say re friends. "I don't care whether their parents are successful or famous or what their profession is. That's

not the important quality of a friend". If Gordy was a very young fellow, I would say "Out of the mouths of babes" the famous quote, but Gordy is a teenager and must say he is very wise. The incereness trust & truth is what counts, because without those qualities, forget it, they are not your friends and will never be. Sometimes one finds out much too late that their friends never were. Hope not many of you have experienced this shock - and I mean shock.
