

**Barney Glazer's
'HOLLYWOOD
HOTLINE'**

This was the year 5728 with our Jewish personalities in Hollywood.....

The King Brothers started a new TV series, Maya, and as they did with their many movies they didn't make a move without their mother's advice...Proving that mother isn't always right, Maya turned into a white elephant.

In The Flying Nun, Catholic Sister Sixto issued notice to Screen Gems that she would not work on Rosh Hashonah or Yom Kippur. In real life, she's Shelley Morrison, Sephardic Jew...Las Vegas Sahara Hotel executive Carl Cohen became the town's most embarrassed man when he held out his fist and Frank Sinatra accidentally ran into it.

Than Wyenn, actor and faculty member of the College of Jewish Studies, continued to present his favorite program, "Turning the Pages of Jewish Humor".....It ranges from Jewish classics to selections from the satiric theatre.

During the production of a movie in Israel, cast and crew ran up a huge bill calling for celery tonic...Joel Grey, Mickey Katz' son, started in Broadway's "Cabaret," little realizing he'd win an award for outstanding achievement.

Jill St. Johns became Jill St. Jones when she married Jack Jones, singer....Dinah Shore stayed single..Eddie Fisher didn't, at least he has a new baby to prove it.... Dimitri Tiomin, famous composer, pistol-whipped at his Hancock Park home by holdup men.

Don Adams got smart by writing a segment for Get Smart....Michael Callan, still dating his TV series co-star, Patricia Harty, and still denying they'd ever get married. Well, they did...All kinds of stories making the rounds about Barbra Streisand; she was in love with Omar Sharif (she wasn't); she would divorce her husband, Elliot Gould (she didn't); she wasn't getting along with anyone in Hollywood and she'd ruin her career (she's still with us.)

Mickey Rooney and Shecky Greene's ex-wife fell in love. Don't invite Mickey and Shecky to the same bar mitzvah, bris or wedding..Mel Torme, one of Chicago's favorite vocalists, sang at the Coconut Grove and put the groove in the Grove.

Tony Curtis divorced and remarried, but nobody cried or cheered. Tony lost one of his closest friends and strongest admirers and that was just the beginning...Quentin Dean, who played the nude role in the Mirisch film, "In the Heat of the Night," turned out to be Corinne Margolin.

Sylvia Bishop told Joey Bishop, "I love you," on their 27th wedding anniversary and Joey said, "The felling's smoochual".....Nancy Greene presented her husband, Lorne, with a baby girl; she 34, he 52....Don Rickles coming strong around the bend. Isultan Rickles so excited about his dramatic successes he kept forgettint to insult his best friends.

Bobby Morse's dear wife, Carole, made a remarkable recovery from tuberculosis and the world let the pair know how much they are loved...Jack Garfein kept telling friends and press that he and Carroll Baker would never separate but they did....Kirk DOUGLAS KISSED Alex Cord right on lips in the Mafia movie, "The Brotherhood"....Rod Serling continued to help college youngsters in theatre arts departments.An amorous young lady kept knocking on comedian Sammy Shore's door but he wouldn't let her in. He woke up screaming. Worst nightmare he ever had.

Jack Paar restarted to Paaronia by making a repulsive statement about Moses and the Ten Commandments...Nob ody worte a book with a title I suggested, "Tsouris in Tourism," but I have hopes in 5729...Martin Landau portrayed Adolf Hitler in Mission Impossible and is that any way for a nice Jewish boy to act?
