

**PROOF POSITIVE**

**BIBLE--LBJ's number one supporter!**

At election time in Nevada Senator Bible talks conservative—but his record shows that in Washington he votes liberal. Last year alone Bible supported LBJ 78% of the time on Domestic issues — **MORE THAN ANY OTHER U.S. SENATOR.**

This record from the Congressional Quarterly, the most authoritative non-partisan reference on Congress, shows voting percentages on 115 Johnson issue roll calls on domestic matters during the 89th Congress. The percentages show agreement with the President's position.
