

Only in Vegas

Members are needed in all organizations. Please join. The Temple is most important and being a member gives you a feeling of belonging and makes one feel they have roots in our city. There are so many new residents (I say this with tongue in cheek, many residents have been here for a number of years, join nothing and expect much) who should feel a part of the community. God forbid there be a serious accident, illness, or death, then they turn to the Temple employees for assistance. If it comes not fast enough to suit them, talk starts and the ball grows bigger and bigger. They expect everyone to stop what they are doing and do what they want to be done. Of course in their mind they are right, but truly what have they ever done to get this kind of service? Give & you will get. So join the Temple and various organizations. One cannot live alone.

aware of the very well stocked gift shop the Sisterhood has at the Temple? Hard workers and gals you usually find manning the booth are Sara Saltzman, Pauline Sweet, Mae Mushkin, and I am sure many others. The gals I have named are the ones I usually see when I am in the Temple. To all workers, a blessing on you.
