## Aquarian Age Astrology

By SWAMI SIVANANDA

Astrology at its profoundest is pure psycho-analysis, penetrating philosophical - religious inquiry, supreme spiritual aspiration. Most people are not aware of this. What most people are aware of is the late movie, supper and stock returns. Most people are in trouble. Astrology can help. Its been around for 50,000 years. Anything that old can't be all bad.

February 7th - 13th

Those wishing correspondence with Swami Sivananda should include birth data with place of birth and time of day, as close as possible. Background and the facts relating to the question should be included. Type written letters would facilitate our service. Please understand astrology is a philosophy and religion, as well as an art and science, and should be approached with sincerity, honesty and humility. Free will offerings will be accepted.
