EGYPT OIL LEAKS

TEL AVIV (WNS) -- Egypt's oil refining capacity suffered a severe blow in the recent series of artillery exchanged across the Suez Canal between Egyptian and Israeli forces, military sources said.

The oil processing plants at Port Suez, which refine 90 percent of Egypt's crude oil, were forced to shut down as a result of direct hits by Israeli artillery. Port Suez itself has virtually shut-down since the clashes began a month ago. Once as many as 13 ships a week called there but now almost no shipping is done through the port.

ISRAELI PILOT DIES

ZURICK (WNS) -- Yoram Perez, the 25-year-old student pilot injured when Arab terrorists attacked an El Al airliner in Zurich, died of his wounds. The three terrorists, who are in jail in Switzerland, are now expected to be charged with murder.

REDS EASING?

NEW YORK (WNS) -- Some recent Russian actions have led political observers to speculate that Moscow may be easing its "Soviet Jewish problem."

The measures included a report given to members of the Appeal of Conscience Foundation that a Russian youth would be permitted to study for the Russian rabbiniate.

"Ladies In Blue"

Wilma Roche and Terri Vesentine are busy at work protecting the Sam Pink residence at 1809 E. St. Louis from pests of all kinds. The girls are justifiably proud of themselves as they won first place in the March salesmanship contest for all the employees at Morgan Pest Control. Once again the "Ladies in Blue" came through with flying colors!
