**COBLENTZ FOR COMM.**

"When it comes to financial operations, this city is sick and the cure calls for a prescription of professional management of the city's money," that's the statement released today by Dr. Alexander Coblentz, long time Las Vegas physician and candidate for City Commissioner.

According to Dr. Coblentz, a recent study revealed that Las Vegas had adequate financial resources and funds, but that fiscal responsibility has been lacking.

"Present officials are not properly administering and handling the budget," said the doctor, who has been a resident of Nevada for 33 years and a widely known physician in Las Vegas for the last 28 years.

"If I handled my affairs like the city," Dr. Coblentz added, "I would also be underpaid as well."

"For example, take the case of the police and firemen who are now seeking a pay raise. These men, who face danger every day on their job, are underpaid."

"Las Vegas has the funds right now, within its present budget, to give them the raise they deserve without any new taxes. But first, we have to develop the city's efficiency in professional financial management.

Dr. Coblentz, also a noted physician on the international level, feels his professional training and business background can be successfully applied to the city's current problems.

ience as well as that of professional men who know their business to run the city's finances. With a new change in city management, Las Vegas can quickly become solvent again and make proper plans to meet its growth problems in order to avoid last minute decisions and unwarranted emergencies."

Dr. Coblentz, who has been on the staff of the Southern Nevada Memorial Hospital since 1942, holds membership in many medical professional organizations and fraternities, as well as contributing extensively to a number of professional medical journals. He is also a member of the Las Vegas Masons, Shriners and Kiwanis. He resides with his wife, Thelma, at 1609 South 6th and has three children: David, who is also a doctor and now teaches at Los Angeles General Hospital; Mrs. Suzanne Feld; and Jonathan.

**JERUSALEM (WNS) --**

Mayor Teddy Kollak has expressed his "purely private" opinion that an independent Jewish and an independent Arab Jerusalem could co-exist once peace came to the Middle East. He said "the problem of finding expression for Arab sovereignty within a greater Jerusalem should not be a stumbling block to peace."

Mayor Kollak also said he did not think he would be a candidate for re-election. The Israel Labor Party has so far declined to agree to his conditions for re-election. They include direct popular election of the mayor and other political
