JERUSALEM (WNS) -- The Israeli Government has decided to begin an educational program to combat growing opposition among some Israelis to immigration by explaining the nation's need and economic gains from immigration. A recent poll showed that 15 percent of the populace considered immigration a burden and claimed that taxes were pushed up, immigrants took the place of native born students in universities and immigrants from Western countries were rich enough not to need Government assistance.

NEW YORK (WNS) -- Gen Uzi Narkiss, director-general of the Jewish Agency's department of Immigration and absorption, has declared that he confidently expects an almost 50 percent increase in United States and Canadian aliyah this year. He said "American aliyah this year will total some 6,000 individuals as against 4,300 in 1968."

ROME (WNS) -- A 16th Century Italian synagogue, devastated by the Nazis, has been completely restored after 10 years of work by Jewish and non-Jewish volunteers.
