# Responsible Leadership Begins At Home!

## YOUR PROBLEMS ARE PHIL'S PROBLEMS

Phil Mirabelli has a young, growing family and is concerned about the future of his children. His record as a City Commissioner proves his interest in our community. Mirabelli, at 41 years of age, is young enough and progressive enough not to be tied to the past. His 68 year old opponent is not concerned with the real issues facing Las Vegas during the next 4 years. Instead he has been campaigning behind a false facade of worn-out cliches and tired slogans. On the other hand, Phil Mirabelli has campaigned on the same platform he has built as your City Commissioner - better recreation, more public safety, more parks and recreational facilities, and closer cooperation between city government and the school district to insure additional facilities such as libraries, playgrounds, and swimming pool.

***You Have a Voice in City Government!***
