the Nudes on Ice Show at the Thunderbird. Acting as my spy he said: "This is Talent Unlimited." His wife Irene says "big deal so the girls are beautiful, so they have talent so this is great entertainment. You should have seen me a few years ago." Frank with a stiff neck from looking from right to left answers "Don't bother me." Need I say more. Great entertainment don't miss it guys.

Del Man Lenny Cohen has almost recovered from his illness and will be, back on the job in two weeks. We miss you and you look wonderful. Just thinking out loud, why don't the Hotel showrooms play some piped music while the dinner is going on? Or a three piece group with some soft strains while the steak is growing cold and the customers are getting hot. Can you imagine it only

cost us 93 Billion dollars to fly a man to the moon, and we can't spare the money to get some more water in Nevada. This reporter can only imagine that the Russians also spent a similar amount to miss the moon. Suppose the two countries got together and saved the 93 billion could we maybe please reduce taxes. Could we maybe please show the North and South Vietnam that they are cousins with a gift of 10 billion. Could we please explain to Castro to stop fooling around in South America by guaranteeing that we would buy his Parkakta cigars for another billion. And we might have a few billion left to take care of our sick, our aged, and all the other Americans that might need some help.

Our friendly neighborhood burglar visited my home again. I don't mind losing my

wife's mink jacket, my hi-fi set, and my cheap diamond ring. However I have a special fondness for the Jules Jorgensen wrist watch that the Saints and Sinners gave me for being the founder and three year Master of this fine organization. I wish there was some way I can get this watch back because of the inscription.

Novelite Joe Mayer claims his wife Sloopy can keep a secret. He said "she and I decided on this new mink coat 3 weeks before she told me about it."

Henny Youngman! What a man. I first saw him on the stage of the Fox Theatre on Flatbush Ave. Brooklyn. The year was 1936, I was managing a store up the street and we had so many mutual friends like Joe Plinus and Lew Speckler that I made it a point to go into the show every day to applaud. He was

NEWLY TO CP

Anthony Newley, internationally known and acclaimed as a theatre and motion picture star, recording artist, composer, writer, director and producer, will make his long-awaited Las Vegas nightclub debut in the Circus Maximus theatre-restaurant at Caesars Palace Thursday, August 7.

He will appear for three weeks, with comedian David Frye as so-star and the Nat Brandwynne orchestra providing the musical backing.

The multi-talented Newley was the first star signed by Caesars Palace (over three years ago), but August 7 will mark the first opportunity he will be free to appear at the famed Las Vegas spa.

Frye, a 5-foot-5 bundle of talent with an elastic face and flexible voice, is regarded as one of the funniest new performers around today. The fast-rising comedian is most famous for his satirical impressions.

Petula Clark and George Kirby are currently appearing at Caesars Palace through August 6, Harry Belafonte and Lena Horne follow the Newley engagement, beginning August 28.

good then and he is better now. I enjoyed finding out that his rating as a stand up comic is far superior to all others in the same field. Please keep in mind that this man doesn't copy anybody. They all copy him. The crowded showroom at the Sahara proved he is great.

We strongly recommend Rosemary Clooney and Jack Curtiss in the Blue Room of the Tropicana Hotel. Real good fun with comedy and music. Of course we are prejudiced because nobody puts out a song like Rosemary. We will have to go back again late tonight because Marc and Jill Forman are coming in and they are Clooney fans.

More Kabaret next week.
