

OF THE STARS

KIRSCHNER OVERS ABARETS BY AL KIRSCHNER

We must start off with Sam Rich who tells me about the lady that walked up to the desk of one of his Motels and said "give ma room and bath." Wise guy Sam the Motel Man replied "Lady I'll give you a room but you'll have to take your own bath".

The opening of the show FLESH at the Bonanza Hotel was a thrilling experience. Nathan Jacobson knows he has a hit on his hands. He better find some way to take care of the crowds that must flock in to see a dream come true. When he was planning Caesars Palace I met him and I knew then that I was meeting a man who shaped his dreams. So Caesars Palace is a success, now The Bonanza can boast of the same leadership. This new show produced by Line Renaud who is a star in her own right is the Greatest, the Wildest and one of the best we have ever seen. If Ziegfeld, Earl Carroll or George White were around they would take the show intact and put it on Broadway. If I could afford it I would put this show, as is, on stage in every city where they appreciate the better things. The people who watched the show with us were Gus Guiffre and his pretty Liz, Jack Melvin and his magnificent Marge, adorable Ann Frank (Milt Frank's Frau) and believe it or not Miriam (who else). To a fault we were thrilled, I think the best comment was made by Ann Frank who said this is one show I want to see again. H. H.'s right hand man R. M. was there. This reporter notices that

Don Digillo is picking on Wes Howery. Why pick on a man before he has a chance to make a mistake? We generally are very happy that younger men are on the Convention Authority. The only fact that we know is that Wes Howery has been handling Hotel Sales for years. Which one of the past members of this important group has had one days experience tryin to bring people to Las Vegas? My stamp of approval is on Wes. He will fill that big empty room. Go get 'em Wes.

Please don't pass up the Sands Celebrity room, this guy Gilbert is a real nut. I brought my brother-in-law, who edits the Brooklyn Daily, to see him and he claims that only Billy Gray can hold a candle to him. I don't know where the expression holds a candle started but it is certainly the start of something high especially if the candle is lit. Jackie Heller, who always see to it that we get a good vantage point, agrees with me. Entratta's bookings have never been equalled in this town or anyplace else. The Sands because of Jack has had every star that the hotels are now fighting for. I forgot to tell you that Paul Gilbert claims that when he just left Israel they uprooted several trees that were originally planted in his home.

Just hear a rumor that Weather Man Barry Zevan is leaving town because our weather doesn't agree with him.

Dick Kannellis tells me that the Tropicana Blue Room will be anything but Blue for 3 weeks because

my favorite blues singer Julie London opens tonight. I'll be there and if you want good entertainment you be there too. Dick Lord handles the funny stuff and he is a funny man.

Being nice and being pleasant to people is no problem at Caesars Palace particularly if nice guys like Doc Konick are there. My friends from Baltimore loved the plush pleasant treatment they received and they promise they'll be back again and again.

Howie Goldmann at the Landmark tells about the time he went back to his doctor for a checkup and Doc asked how is that pain in your neck? Without thinking Howie says she's visiting her relatives. I think Howie made it up just to tease his beautiful Betty.

If things work out all right we will have a weekly football prognostigation for you, plus the point spread. We plan to put our money where our mouth is by starting with a definite bankroll and donating the profits to a charity which will be selected by Editor Jack Tell. This will be college games only and it should be lots of fun for you football fans.

My private Under Kover man Marty Kane had better get out from under the Kovers. He hasn't reported with a decent story for the past three weeks.

Hank Kovell at the Frontier just put out a beautiful course on Human Relations which should be in every home and business office. I am writing for a few extra copies for my married kids. We know the Big Bufoon Jack E. Leonard in the Frontier Lounge will find some way to tease Hank Kovell about this treatise. But even he must agree this is good just as he is (he always admits he is good).

See you all next week with more KABARET.
