

ISRAEL MUST LIVE

**DON'T LET ISRAEL BE SOLD DOWN THE RIVER!
STAND UP AND BE COUNTED!
LET WASHINGTON KNOW HOW YOU FEEL!**

LOOK AT THE TRUTH:

- 1.) Israel has had to defend her borders in the face of constant Arab aggression.
- 2.) Israel's civilian population is constantly threatened by Arab guerrilla bombings and attacks. Arab booby traps are planted in market places, schools, buses and theatres to kill and maim innocent women and children.
- 3.) Israel was denied access to the Holy City of Jerusalem by the Arabs prior to 1967. Now in control Israel extends free access to all religions to visit and worship in old Jerusalem. These rights prevail for holy shrines throughout Israel.
- 4.) Israel, the Middle East's only real democracy, has been the area's only true and consistent friend of the United States.
- 5.) Israel has granted equal civil rights, social and medical advantages to all Arabs under their jurisdiction.
- 6.) Israel is pledged for peace – to Build! Build! Build! for all residents of the area – Moslem, Christian and Jew!

Now the Soviet Union, to placate the Arabs and advance their position in the Mediterranean, wants to push Israel into a defenseless position.

Do not let this happen! Wire or write the president, your senators and congressman. Tell them you do not want Israel sold down the River! A public opinion message through Western Union costs less than a dollar. It could well be the most precious and meaningful dollar you ever spent!
