This reporter doesn't know if March 6th is an important date but since we purchased a fact book, which is also a daily calendar we

feel obligated to give my readers some very pertinent information. You will probably thank me some day for giving you these facts. Did you know that it is only 210 days to the Jewish New Year, however it is 310 days to the Gentile New Year. So if you want to celebrate New Years early you better be Jewish.

Also found out that September 9th is Admission Day in California. I'll go along with that and wait for my next admission to California until September 9th because we don't like Smog. Did you know that the state flower for California is the Golden Poppy? Is that where the poppy jusic comes from (sometimes called heroin or cocaine)?

Another very important fact is if you want to remove paint and varnish stains you should use alcohol. When we explained this to a dear friend sometimes know as Smart Marty Kane, he asked where do you buy paint and varnish. Yes you are right he's a nut.

Did you know that in France the wives expect their husbands to help do the dishes. Mistresses expect that he will help with the rent. Me thinks we will stay American and buy a

dishwasher and will pass up the Prusta Prostis.

Sat with Joe Williams the other day when we went to watch and enjoy the Gene Kelly show at the International. Joe told us that he has a lot of new stuff. We went to the Blue Room, at the Tropicana and never enjoyed an evening of Music more. Count Basie is a great. However we must say that Joe Williams is unequalled and when I rave about Williams and his singing we are pleasureable obligated to visit the Blue Room again and again to accompany other people who enjoy the Blues. Yes, the Tropicana is a must stop for music lovers.

How Cum we never meet any of my readers in the

Desert Inn Sky Room? Murray Arnold's music makes you want to dance. Dancing is fun and believe it or not a night of dancing is as much healthy exercise as 18 holes of golf. And you don't need a caddy to find your ball.

Wayne Newton, what a man! We loved him at last night's opening at the Frontier Hotel. Please stop to say hello at Bathhouse Sam Rosen & Jimmie Moore in the dice pit. They are always good for a story and what is more important they always have a friendly smile, and a hearty handshake. Chalk up two more nice guys who make people glad they came to Las Vegas.

That new hot lunch every

day at the Tower of Pizza is great. If you tell Jasper that you are a friend of mine he will go out of his way to make sure you are pleased. As far as I know there is no better Italian food in Las Vegas. In the wee hours of the morning you will meet every famous stage personality in the world at the Tower. The famous statement is "Meet me at the Tower".

Harold Peters (Horizen Corp.) grabbed one of the nicest girls in town and made Marge Green change her name to Peters. What a lucky guy. Forgot to tell you Harold is a good man, which means Marge is also lucky.

The Golden Wedding of Fay and Max Amberger was delightful. We loved the remark one of his best friends made "They said it wouldn't last." His grandchildren and great-grandchildren were happy that it lasted and might just last for another 25.

Last week's Saints and Sinners meeting was a barrel full of fun. Ben Peters filled in very well for the absent Jesters. A very nice touch was the admission and the jesting of Jon Gregory. This man is a very welcome new member to our community and has a trigger mind which gives my baby, the Saints and Sinners an extra jester to call on. Of course the greatest delight was Jackie Heller (Sands Celebrity Room) who not only has the greatest sense of humor but also sings up a storm. He sang "My Way Without the benefit of help from a piano. Jackie never gets angry at people which is why the little man with a big heart wasn't disturbed at all when we said "this is a dear friend who needs a RUB UP instead of a RUB DOWN when he visits a health club."
