I thank you very much for the fact that you have put me on the mailing list for the Las Vegas Israelite.

I do receive the paper regularly and enjoy it immensely.

May I request that you send a copy of the paper to my grandson.

Dear Mr. Tell,

Happy Birthday to you and your entire staff on your seventh birthday!

We only know of your newspaper since our visit to Las Vegas two summers ago, however, we enjoy it immensely, and sing its praises to many of our friends.

We expect to visit Las Vegas this summer once again and would indeed enjoy meeting your "newspaper family".

Good Luck.

Dear Sir:

I am planning retirement soon and of Jewish Faith I would like to stay with my own people in their community so I can feel comfortable and at ease. I am interested in what social activities and housing are available to the retired group and also the possibility of earning additional income to help subsidize Social Security and a small pension. If necessary a subscription to your newspaper may help some.

Thank You
Yours truly

Dear Jack:

I would like to thank you again for your help in making it possible for me to serve you in the Nevada State Legislature as an Assemblyman. Even though I have only been here a few

days it has been a very exciting and interesting experience. It is a grand feeling to know that one has a part in this great free enterprise system of government and that I might share in the decisions affecting most of us. I will always be grateful to you for the assistance you gave me.

I would like to invite you to visit the Assembly and observe the machinery and procedures that transpire. I hope it will be possible for you to travel to Carson City; please understand that you will be introduced to the Assembly by me and will be sitting by my side, at my desk.

If there is any particular problem regarding any form of legislative action concerning you, please feel free to contact me concerning same and I will do whatever is within my limitations to inquire, gather facts on, and make suggestions as to what might be done. Also, if there is any particular legislation which you believe should be initiated or amended, please inform me of this at the earliest possible date.

I intend to serve you and the people of the State of Nevada to the best of my ability and will live by the philosophy of making decisions based on what is best for the people.

Sincerely,
Jack Schofield
Assemblyman
