Something  
 "you can bank on" at  
 First Western  
 Savings and Loan

FSLIC means your money is safe at First Western. FSLIC stands for Federal Savings & Loan Insurance Corporation, a U. S. Government Agency that insures your deposits up to a full \$20,000. When you save with us, or with any member savings & loan association, your money is safe. You can bank on that.

And First Western offers you something else . . . interest earnings at least  $\frac{1}{2}\%$  higher on every account than you get at a bank. You can bank on that.

Further, First Western offers you something exclusive . . . the experience and strength of being Nevada's largest savings and loan association . . . plus the quickest, friendliest service we are capable of. And you can bank on that.
