

# JEW'S MORALLY BOUND TO SPANISH REFUGEES

In a recent interview with Spanish Refugee Aid, Pablo Casals, in reviewing his life as an anti-fascist, called attention to one of the most tragic coincidences of history, wherein the Spanish Republicans shared the same fate as the Jews of Europe under Hitler. Maestro Casals then wrote the following letter to World Jewry.

"Do you know that 16,000 Spanish refugees died in Nazi concentration camps along with their Jewish brothers, having chosen to fight Hitler? (8,000 died in Mauthausen) They were victimized by the Nazis, forced into slave-labor battalions or deported to Dachau, Buchenwald, Bergen-Belsen.. Do you know that

thousands of these Spanish refugees were fighting for the Allied forces against the Nazis having made common cause with the Jews and other anti-fascists?

Do you know that there was hardly a resistance group in France, in which the Spanish refugees did not take part? (1,500 were shot by the Gestapo)

Thirty years ago a half-million Spanish Republicans struggled across the pyrenees to escape living under Fascism. Of these, 70,000 still live in France. Because of broken health, crippling war wounds, death of the breadwinner, old age, chronic illnesses - this pitiful remnant of those who never compromised with fascism, ten thousand human beings in all, desperately need our help.

The Jewish people have always honored their moral obligations. This is an historic opportunity to think of the facts stated above. We now call on your good will and sense of reci-

procity to help us raise the \$150,000 additional needed this year. A little more than \$30 per person spells the difference between dignity and sense of abandonment for these forgotten exiles.

The work of Spanish Refugee Aid has gone on now for sixteen years. It has helped with food and clothing, assistance to hospitalized invalids and the chronically ill and a warm place for the aged to gather and receive food packages.

Remember them and be your brothers keeper."

Spanish Refugee Aid, Inc. of 80 East 11th St., N.Y., N.Y. 10003, underwrites through philanthropic contributions, the most needy cases. In the backwash of history, current dramatic events have almost pushed this valiant group out of the consciousness of the world. Their fight with fascism has never been compromised, and humanity owes them a debt - surely no less than providing them with the small means necessary to live out their lives in dignity.
